More Powerful 'A' Blast by Soviet Revealed

President Criticizes Red Stand

Peaceful Canal Plan Still Goal

Washington, Aug. 31 (AP)—President Eisenhower announced today the Russians have touched off still another atomic explosion. He said this one was more powerful than the test a week ago which had the force of almost one million tons of TNT.

Eisenhower made the announcement at a news conference after recalling that last Sunday he disclosed that the Soviet Union had resumed tests of nuclear weapons.

On that occasion, while he was still in California, Eisenhower said a blast on Aug. 24 had the force of almost a megaton, or one million tons of TNT.

Notes Misunderstanding

The President also told newsmen that the U. S. fully recognizes the sovereignty of Egypt but is committed to a peaceful solution of the Suez Canal crisis guaranteeing continued international use.

Eisenhower also said Egyptian President Nasser's protest against the U. S. view that the Suez Canal has been "internationalized" by treaty is a misunderstanding of the American position.

Eisenhower said he and Nasser are talking at cross purposes because the United States simply means that the rights of other nations to use the canal have been guaranteed by treaty and Egypt cannot jeopardize these rights.

At the same time, Eisenhower said, the United States does not in any way mean that the Suez treaty of 1888 internationalized ownership.

Siberia Locale

Today the President said the Russians have engaged in what he termed another large test in the accustomed place. That would be in southwest Siberia, as reported for the first time officially in Eisenhower's announcement last Sunday.

The new test, Eisenhower said, took place yesterday in that area. Then he went on, in effect, to criticize Soviet leaders for talking peace and at the same time continuing tests of nuclear weapons.

Eisenhower said Soviet diplomats talk of abolishing atomic weapons but go right ahead

DeLisio Is Named District Elector

Anthony J. DeLisio of Woodstock has been designated as the presidential elector from the 29th Congressional District, it was announced today.

Senator Arthur H. Wicks, Kingston, chairman of the Ulster County Republican Committee, said Mr. DeLisio had been selected by the Congressional Committee of the district.

The 29th district includes Ulster, Dutchess, Schoharie, Columbia and Greene counties.

Mr. DeLisio, a resident of Woodstock for 15 years, is active in the civic life of the community, and has been president of the Woodstock Country Club for seven years.

Wagner to Accept Party Nomination for Senate

New York, Aug. 31 (AP)—Robert F. Wagner, New York city's Democratic mayor, has made a bid for the U. S. Senate seat of retiring Herbert H. Lehman (D.-N. Y.). His nomination by the state Democratic convention appears certain.

Overcoming his previous reluctance to run for the spot once occupied by his father, the late New Deal Sen. Robert F. Wagner, the mayor told a news conference yesterday:

"We decided I could best service . . . by actively campaigning as a member of the ticket with the hope that the people of the state of New York will not only help elect Adlai Stevenson but will also have confidence in my record and policy to send me to Washington to support me in that capacity."

"If the Democratic convention at Albany (Sept. 10) sees fit to select me, I will accept."

To Strengthen Position

French Are Expected In Nicosia Area Today

Nicosia, Cyprus, Aug. 31 (AP)—The first sizable contingent of French troops was expected to reach this Mediterranean island today to bolster the French-British military position in the tense Suez area.

An advance liaison party flew into Nicosia last night to prepare for the arrival of the French forces, while a cargo ship reportedly carrying military supplies and about 150 troops dropped anchor off Famagusta.

Unofficial sources said three shiploads of French soldiers were expected today at Limassol, major port on Cyprus' south coast. More vessels carrying French troops are expected to reach this uneasy British bastion before the week ends.

Other Developments

These were other developments in the continuing Suez Canal crisis:

1. Britain announced the North Atlantic Council will meet in Paris Wednesday "to consider the Suez Canal question."

2. Egypt objected to statements by President Eisenhower and Secretary of State Dulles describing the Suez Canal as an internationalized waterway.

3. The five-member Suez committee headed by Australian Prime Minister Robert Menzies met again in London to further plans for its meeting in Cairo Monday with Egyptian President Nasser. The committee will present the proposal for international control of the waterway endorsed by 18 of the 22 nations which attended the recent London conference.

Ordered to Leave

4. Britain ordered two attaches of the Egyptian embassy in London to leave British soil in retaliation for Egypt's expulsion of two British diplomats the Egyptians charged were mixed up in a spy ring. The British denied the spy charges.

5. Egypt pushed its drive abroad to recruit pilots to guide ships through the Suez. There was no indication, however, what luck she was having.

Number Secret

A communique issued in Nicosia announced that the "first elements of French troops due to be stationed in Cyprus arrived here by air" last night. The announcement did not say how many.

France got permission from Britain earlier this week to base troops on the British-ruled island only 250 miles north of Egypt for the stated purpose of protecting French citizens and interests in the event of a breakdown in Suez negotiations. Queen Elizabeth II signed an extension of the Visiting Forces Act permitting French forces on Cyprus to operate as if on their own soil, with their own discipline and courts-martial.

Arrival of French units brought them in contact immediately with an eruption of vio-

Opening Is Set For New Ulster School Tuesday

Plans are completed for opening 16 rooms to accommodate all elementary pupils at the new Chambers School, District No. 8, Town of Ulster, Tuesday, Sept. 4. A water supply, approved by the Ulster County Board of Health, will be used until the town water supply is available in October. The rooms to be used are located at the north end and at the south end of the building. The remainder of the building is still under construction, and the contractor will be actively engaged for several months in completing the final work.

Full Day Sept. 5

All children, kindergarten through grade 6 will report Tuesday, Sept. 4, at 8:45 a. m. for registration. Students will return home after being registered. Regular classes will start Wednesday, Sept. 5.

All kindergarten children not previously registered should have birth certificates. To enter kindergarten a child must be 4 years 9 months of age on the opening day of school.

Students in grades 1 through 6 should bring either a transfer from the previous school or their last report card or other evidence of promotion.

School hours will be from 8:45 a. m. to 3 p. m. for grades 1 through 6. The morning session for kindergarten will be dismissed at 11:30 and the afternoon session at 2:35.

Bus Plans Given

Transportation to Chambers School will be as follows:

Chambers Bus No. 1 will start at Wrentham street at 8:20 a. m. and proceed to pick up children on Wrentham street, Kiersted avenue, Harwick street and thence along Plainfield street, picking up kindergarten children and Grade 1 and 2 from the city

Robert Keefer, 25, of Shokan, an IBM employe, his two-months-old daughter, Dorothy Ann, and mother, Mrs. William Keefer, 53, of Monaca, Pa., were fatally injured when the above cars collided at Ashokan last night. The Keefers were riding in the sedan shown at top and Donald Brunet, 31, of Mt. Tremper, driver of the other car, was pronounced dead on arrival at Kingston Hospital. *(Anner photo)*

3 Keefers Die From Injuries

Rain, Fog Crash Is Called Worst

A head-on collision on Route 28 at Ashokan took a toll of four lives last night, including those of both drivers, and the infant daughter and mother of one of them.

Reported "dead at the scene" were Robert Keefer, 25, of Shokan, an IBM employe, who had lived in the area only a few months, and Dorothy Ann Keefer, two months old.

Donald Brunet, 31, of Mt. Tremper, driver of the other car, who was apparently riding alone, was pronounced dead on arrival at Kingston Hospital, and Mrs. William Keefer, 53, of Monaca, Pa., died early today at the hospital.

Baby Critical at Hospital

Robert Edward Keefer, 18 months old son of Robert Keefer, is in critical condition at Kingston Hospital.

State police fixed the time of the accident between 9:30 and 9:40 p. m., and said it was raining and foggy in the area. There was nothing, they said, to indicate the cause of the accident, which one trooper described as the worst he had ever seen.

The Keefer car was headed west on Route 28 and the Brunet car was headed toward Kingston. The Brunet car went across the east-bound lane and stopped facing south, state police said.

Coroner Reports

Coroner Francis J. McCardle, said Keefer died of a right hemothorax, which involved heavy bleeding, fractured ribs, a fractured mandible, lacerations and contusions of the head and face.

Dorothy Ann Keefer, his infant daughter, died of complete compression of the chest.

Mrs. Virginia Keefer died of a right hemothorax, shock, and a fractured left tibia.

Brunet died of a left and right hemothorax, fractured ribs, fractured jaw, fractured left femur and lacerations of the scalp.

Robert Edward Keefer, 18 months old, suffered a severe laceration of the neck and head injuries.

Came From Monaca, Pa.

Keefer and his family came to this area from Monaca, Pa., the coroner said. Mrs. Keefer, his mother, came recently to his home to take care of the children while his wife was in the hospital.

Mrs. Keefer died at the hospital at 2 a. m., today, the coroner said.

East Kingston Has Plaque Dedication Scheduled Sunday

Dedication will take place Sunday in East Kingston of a new plaque honoring men and women of the community who have served or are now serving in the armed forces of the United States.

John Berardi, general chairman, said a program has been arranged for 2 p. m. at the plaque on the grounds adjoining St. Colman's Church.

There will also be a parade and refreshments.

Public participation is invited.

Permanent Memorial

The new plaque, set in stone, replaces one that was not of a permanent nature, erected during World War 2. Funds for the present memorial were raised by public subscription.

The program arranged by Chairman Berardi and the Rev. Edmond V. Radford, pastor of St. Colman's, includes talks by clergymen of the Catholic and Protestant faiths, and prominent laymen.

Participating will be the firing squad from Joyce-Schirick Post 1386, Veterans of Foreign Wars; Fourth Degree Assembly from Kingston Council 275, Knights of Columbus; St. Ignatius Loyola Post, Catholic War Veterans and Sal Castiglione's Band furnished through Kingston Local 215, American Federation of Musicians through the courtesy of the transcription recording fund.

Order of Program

The program:

Parade.

Francis J. McCullough, master of ceremonies.

Address — Supervisor Percy Bush, Town of Ulster.

Tribute—The Rev. Oscar Palmer, pastor, New Central Baptist Church, Kingston.

Address—Commander William F. Lally (retired), U. S. Navy.

Tribute — The Rev. Robert

Caution Urged on Weekend

480 Deaths Estimated In Highway Tragedies

Cloudy and cool weather, with scattered showers, was forecast for today as the first surge of weekend traffic hits New York state highways.

Millions are expected to be lured to roads throughout the country while taking a final fling at beaches or fishing spots, the Associated Press said.

And for some 480, drivers, passengers and pedestrians this may be their last weekend.

That was the death toll estimate for the Labor Day holiday period by the National Safety Council.

More to Die Later

The period covered by the estimate will extend from 6 p. m. tonight until midnight Monday. Only immediate deaths are included in the estimate. Many others will die later from injuries incurred in the holiday traffic.

For comparative purposes the Associated Press conducted a nationwide survey of traffic deaths on the non-holiday weekend of Aug. 17-20. In the 78-hour period from 6 p. m. Friday to midnight Monday traffic killed 366 persons.

N. Y. Safety Commissioner Michael H. Prendergast, meanwhile, predicted that the number of highway deaths in the three-day period beginning Saturday would be 40 per cent over the average for a non-holiday three-day period. Prendergast gave no total, but on the basis of 1955 figures a 40 per cent increase would make the toll about 27.

Average Deaths 29

The Labor Day average of the past seven years is 29.

Gov. Harriman ordered all available uniformed state police to patrol the highways.

Lt. Charles Mink, asst. traffic supervisor of the state police said the number of deaths would depend largely upon the weather, safe-driving publicity and "the whim of the drivers."

Peak periods on the highways, Mink said, would be from Friday noon well into Friday night, to around noon Saturday, and a gradual buildup Monday into Monday night, with a leveling off to normal by noon Tuesday.

Ave Cautions Drivers

"The tragic death toll on our highways that normally accompanies a holiday weekend could be drastically reduced," Gov. Harriman said yesterday, "if each one of us who is driving a car, a bus or a truck over the weekend will make it his or her business to observe the rules of the road and to use simple common sense and courtesy."

As the Labor Day traffic tide began to roll the Safety Council reported that in July, the latest month for which figures are available, two grim records were set.

Last month's toll of 3,570 was the greatest of any July in history. The previous high was 3,419 in 1937. The 1956 seven-month period that ended with July had a total of 21,730 fatalities, a nine per cent increase over the comparable period of 1955. The old record of 20,739 was set in 1937.

Katrine School To Open Tuesday

The new $521,000 school at Lake Katrine will open Tuesday, Sept. 4, at 9 a. m., it was announced today by the principal, Edward R. Crosby.

Buses will run that day, Principal Crosby said, and made a request that parents, riding children to school, use the Van's Court entrance, because the road contractor will be working on the main entrance.

Dismissal time opening day is 10:15 a. m.

Regular sessions are to start Wednesday, Sept. 5.

The school situated on the former Copeland Gates farm on the Neighborhood road was started on May 26, 1955. It is of concrete block and brick construction. Its seven rooms and accessories are modern in every respect, Principal Crosby said.

The school tract consists of 26

State Will Start Welfare Check, Law Not Clear

Albany, Aug. 31 (AP) — The state government begins tomorrow to ride herd on about four billion dollars worth of union welfare funds. But it isn't quite sure exactly what funds are in the herd.

The trouble lies in the wording of a 1956 law giving the state power to supervise the operation of employe health, pension, accident, unemployment and similar funds in which both management and labor have a start.

The law is the product of a 1954 investigation by the state insurance department, which reported "serious abuses" in the operation of some funds. It takes effect tomorrow.

Javits Asked for Opinion

At the time the measure passed the 1956 Legislature, it was understood generally that it would cover only those funds administered jointly by employers and employes. It was supposed to exclude those operated solely by either management or labor.

But Benjamin Tenzer, counsel to the insurance department's welfare fund bureau, says the language of the law appears to cover some of those "unilateral" funds after all. And

New IBM Laboratory

An architect's sketch for a new IBM engineering laboratory appears today on page 9.

Construction is scheduled to start in October, and occupation is set for 1957.

Its locale is on 60 acres on the west side of Boice's Lane, Town of Ulster, opposite the Military Products Division plant.

DA Aide Is Mobbed as Angry Crowds Dare Negroes to Enter Texas School

Mansfield, Tex., Aug. 31 (AP)—An asistant district attorney was mobbed, shoved and cursed today when he appeared in the middle of the angry crowd of white men who for two days have dared Negroes to enter Mansfield High School.

Grady Haight, the Tarrant county asistant D. A., was white and shaken when the mob finally released him.

One unidentified person in the mob claimed Haight was "looking around so he would know who to prosecute."

At least 150 men raced around Haight, and those centered around Haight shoved and pushed him.

Haight and two others from the district attorney's office appeared about 9:30 a. m. (CST) and parked about 200 yards from the school — cars blocked them from driving closer.

Haight talked to officers for a time, then about 10 a. m., he started walking toward the school. When about 50 yards away, some action by Haight or the mob of 400 suddenly angered the crowd.

The men packed and milled around him, shouting and cursing. At one time he tried to shake away, and members of the mob pushed and shoved him. Two sheriff's officers fought their way through the crowd and rescued him. As they led Height away, he was white and shaken and had difficulty talking.

The school was ordered integrated recently by Federal Court order. Registration began yesterday and continued today.

If any Negroes register, they were expected today. By late morning none had appeared.

Several white students walked through the mob into the school about 8:10 a. m., but they did not speak to any members.

Dangling over the entrance to the school this morning was a new effigy of a Negro. It was so placed that no one entering the school could fail to see it. An effigy hung from the school flagpole yesterday was there today. A similar figure in downtown Mansfield was cut down Wednesday.

The school was ordered integrated, by federal court order, this year for the first time. Yesterday, Judge Joe E. Estes refused to postpone his integration order. School authorities had asked for a one-year delay.

Superintendent R. L. Huffman was the first faculty member to appear today. He immediately was surrounded by the crowd.

Huffman said, "Now you guys know I'm with you, but I've got this mandate hanging over my head." As he said that, he ran his finger across his throat.

Some of the men told Huffman

Hotel in Highland Destroyed By Fire Early This Morning

Fire which was discovered about midnight practically destroyed the Alma Hotel, a mile south of the Highland traffic circle, early this morning. The hotel of frame construction was located about 500 feet off Route 9-W. It was reported an explosion was heard shortly before the flames were discovered.

The hotel had been closed several days ago and it was reported the New York owners had been negotiating sale of the premises

The interior of the hotel was gutted and the roof collapsed. Firemen from Highland and Milton were summoned when a call was sent to the Sugar Bowl Restaurant from the scene of the fire. The recall was not sounded until after 7 a. m. today. Cause of the fire is unknown.

6 Plane Survivors Reach Vancouver; Toll Now 13

Vancouver, B. C., Aug. 31 (AP)—Six of seven persons who survived the flaming crash of a Canadian Pacific airlines plane at Cold Bay, Alaska, Wednesday night arrived here early this morning.

A plane carrying the bodies of 13 of the other 15 persons who were aboard the big DC6B when it crashlanded on a flight from Vancouver to Tokyo were aboard another plane scheduled to arrive here later in the day.

Two of the 22 persons who were aboard the ill-fated plane were still missing.

Arriving here amid the glare of television lights and milling relatives and newsmen were:

Sharon, 16 and Patricia Edelstein, 8, of Hong Kong, the daughters of CPA's manager there, Ted Edelstein.

Chow Sing York, 25, of Vancouver.

Dolores Jordan, 26, a stewardess, of Calgary, Alta.

Robert Love, 28, of Victoria, BC, second officer of the crashed plane.

Robert Short, Vancouver, the navigator.

Short and Love were taken from the plane on stretchers and rushed to a Vancouver hospital. Miss Jordan walked from the plane and was taken to a hospital. The others were uninjured.

Newsmen were not permitted to question the six on details of the crash.

Still missing in the crash were Mrs. Margaret Lem, Toronto, Ont., and her daughter, Judy, 8 months.

Searchers believed their bodies would be found in the wreckage of the plane or in the frigid waters which lap the tidelands around the emergency landing strip at Cold Bay, 500 miles southwest of Kodiak.

Capt Thornton A. Tweed, the 32-year-old pilot of the ill-fated Canadian Pacific Airlines DC6B and one of the seven survivors, was flown to Kodiak Naval Station by U. S. Navy fliers yesterday.

Israel Strong, Bond Meeting Is Told by Speaker

Israel is a strong and confident community, it was stressed at a meeting Thursday night of the local committee to promote the sale of bonds for the Middle East state.

This statement was made by Victor Ben-Nachum, former Haganah captain, guest speaker at the bond committee meeting in the home of Joseph Levine, 105 Mountain View avenue.

Joseph Honig, chairman of the committee, reported many sales prior to last night, and that the project is being met with much enthusiasm.

Mr. Ben-Nachum expressed great confidence in the ability of the State of Israel to overcome the problems growing from the intransigence of Egypt.

"Israel is a strong and confident community," he said. "People in Israel do not live in fear. We do not have any doubts that we are building a good state.

"Our people from so many parts of the world have come here and are building a good society.

"Our housing, our industry, agriculture and natural resources are expanding due to the energy, ambition and industry of our people.

"We do not want war and because we love peace we appeal to the peace-loving people of the world to support our cause."

Mr. Ben-Nachum, who was a captain in the army of Israel, arrived only recently from his native land.

Mr. Honig urged that Israel bonds be considered as a proven investment and pointed out that over 800,000 Americans of all faiths now hold Israel bonds.

A continuations committee is arranging other events for the bond sale during September.

"We know Israel is building a democratic society," Chairman Honig said, "worthy of our support."

The group thanked Mr. and Mr. Levine for their hospitality and generosity in donating their home for the meeting.

Heck Defends Javits

Albany, N. Y., Aug. 31 (AP)—Assembly speaker Oswald D. Heck today condemned what he called an "intolerable" whispering campaign against Atty. Gen. Jacob K. Javits for the Republican nomination for U. S. Senator. The influential legislative leader told the Associated Press he considered Javits "one of the best public servants in the state of New York and one of my best friends in political life." Heck added: "And I still think him to be the strongest candidate for the United States Senate."

DA Has Meeting In Trailer Case

A meeting was held today with District Attorney Howard C. St. John, representatives of the St. Louis trailer manufacturer and insurance representatives in an effort to ascertain the situation in the Donald Putnam grand larceny mix-up over alleged sale of trailers which he did not own.

The meeting was held early today in an effort to "see how bad the picture is and attempt to solve it", District Attorney St. John said.

The meeting was held prior to the hearing before Justice of the Peace Harold E. Macholdt of the town of Ulster scheduled for 2 p. m. today when the grand larceny charge was to be heard.

John C. Bonse of Oneonta alleges he paid a deposit on a trailer and deposited personal belongings in it. When he returned to the trailer later he found the trailer had been taken away and his belongings were also missing. The trailers were taken by the Albany finance company.

Payment Okayed By BPW on Jobs For $43,931.21

Approval was given for payment of $43,931.21 as part installments on public improvement contracts at a meeting of the Board of Public Works held Thursday afternoon.

Installment payments on contracts were made to the following:

Callanan Improvement Company, $8,727.59 for paving of Dietz court and Melvin drive.

B. J. Constanzi, $2,671.12 for sewer construction on Hope street, Pearl street and Ringtop road.

James Berardi, $1,777.35 for paving Pearl and Hope streets, Wilkie avenue and Ringtop road and $15,616.20 on the same contract covering work on the same streets. A payment of $15,138.95 was also approved to James Berardi for curb and gutter pavements, rock excavation and general street construction on Sharon lane and Westbrook place.

A communication was received from the city engineer giving tentative assessments for the Sylvester street sanitary sewer, giving amounts chargeable to property owners. It was referred to the corporation counsel.

A petition referred to the city engineer for study from property owners on Lounsberry place was read regarding the construction of a sanitary sewer between Grandview and Mountainview avenues. The petition said the property owners were willing to fcllow the customary procedure of paying 75 per cent of the costs with the city assuming the other 25 per cent.

Requests for street lighting for two new developments were heard from Alderman William Keyser of the second ward for the Kingston Park development and Alderman Richard Roth of the 12th ward for the new development in the Sharon Lane-Pearl street extension section. The requests were referred to the lighting committee.

Set Registration At New Paltz College Sept. 17

Registration for the 1956-57 school year will begin at State University Teachers College, New Paltz Monday, Sept. 17, according to an announcement by Dr. William J. Haggerty, president. The registration will continue through Wednesday, Sept. 19 and classes will begin Sept. 20.

Dr. Haggerty said the opening of college for new students is scheduled for Wednesday, Sept. 12, at 2 p. m. in the college auditorium. He emphasized that all new students should be here at that time.

Approximately 500 new students are expected to enroll for the largest entering class in the history of the college.

Classes for Campus School pupils will begin Sept. 10 and parents of new pupils are urged to register their children before that date.

French Are

lence linked to another tough British problem—the Greek Cypriot drive for union of this island with Greece.

An explosion in Famagusta harbor damaged a British LST (Landing Ship, Tanks) near the spot where the French cargo ship reported carrying troops was anchored. The explosion apparently engineered by a frogman of the pro-Greek Eoka underground, holed the LST above the water line. The blast was believed caused by a limpet or sticky mine placed against the vessel's hull.

It was the second such attack in Cyprus waters. A yacht owned by the millionaire British captain who heads Gov. Sir. John Harding's security guard was sunk in Kyrenia harbor Aug. 13.

Earlier, the wives of two British Army Sergeants were wounded by bullets on a busy Nicosia street.

Chicago Polio Gains

Chicago, Aug. 31 (AP)—Chicago's polio outbreak spurted upwards today as 13 cases were reported to bring the year's toll closer to the 1,000 mark. The 1956 count now stands at 971 cases including 29 deaths. The serious surge, which began on July 5, had declined during the last two weeks. But, the last two days saw 23 more cases. In 1952, the previous high polio year, Chicago had 508 cases and 33 deaths at this date. Four years ago, the count finally hit 1,203 cases.

State Will Start

the insurance and banking departments have asked Atty. Gen. Jacob K. Javits for a formal opinion on the matter.

Difference Pointed Out

The law says the state must supervise "funds jointly established by one or more employers with one or more labor organizations."

It seems there's a big difference between "established" and "administered."

All welfare funds set up by employers and employes since 1947 are jointly administered, for the Taft-Hartley law requires employers to play an equal role in operation of funds they contribute to. Those funds plainly are covered by the new state law.

But in the days before Taft-Hartley, some employers helped unions set up funds that were operated subsequently by the unions alone. The state law—by use of the word "established"—would appear to take in those funds, too, Tenzer says.

Public Hearing Held

In an attempt to iron out the difficulty, Javits conducted a hearing in New York city yesterday on the request for interpretation of the law. He heard views of representatives of the banking and insurance departments, labor organizations and the insurance industry.

He is expected to issue an opinion within a few days.

Meanwhile, the insurance department is going ahead with its plans to implement the law. Registration forms were mailed out today to about 1,000 welfare funds throughout the state.

About $4 Billion Involved

Tenzer said he was not certain how many funds would be included or excluded by Javits' decision. But he said there seemed to be "not too many" in the pre-Taft-Hartley category.

He estimated roughly that about two or three million workers and up to four billion dollars worth of funds were involved in the entire picture. But exact vital statistics will not be available until registration is completed.

Besides registration with the Insurance Department, the law:

1. Requires state examination of funds at least once every five years and permits inspection of funds as often as the insurance superintendent considers necessary.

2. Requires fund trustees to file annual reports and financial statements and to submit any other information upon request.

3. Prohibits trustees, union officials and employers from accepting fees "directly or indirectly" from insurance companies.

4. Bars political contributions from welfare funds.

Trustees who violate these provisions can be removed and fined up to $2,500. And the attorney general can seek injunctions against any fund to halt operations he considers improper.

Head-On Collision

and Trooper H. S. Rhodes, of Phoenicia investigated the accident.

First Aid by Physician

Two ambulances were sent to the scene by the Schultz Ambulance Service and Dr. Paul LaPaige, of Ashokan gave first aid pending their arrival.

State police said the cars collided near the Onteora Manufacturing Co. building at Ashokan.

Here Since March

Keefer came to IBM here on March 14, this year. He was a member of System Class 2011, which field-trains engineers. He and his family lived on a property owned by Rudolph Rossmann, of Shokan. He had served in the U. S. Air Force for about four years. Full information on survivors was not available today, but it was learned that besides his wife, Shirley Eileen, he is survived by his father, William Keefer, of 1037 Nimick avenue, Monaca, Pa.

Burnet, it was learned today, has been employed in Baltimore, and has been staying during the past two weeks in the Mt. Tremper area, where his mother, Mrs. Mary Burnet operates a boarding house. A sister, Mrs. Robert Boice also lives in the area.

Funeral arrangements will be announced by the Eugene Gormley Funeral Home.

Coroner McCardle said this afternoon that he was withholding any official announcement on the accident pending full investigation.

Nixon 'Very Weak'

Whittier, Calif., Aug. 31 (AP)—Frank Nixon, 77-year-old father of the Vice President, was reported 'very weak" this morning by the family physician who added: "His general condition is very poor. He cannot last too much longer." Dr. I. N. Kraushaar said the elder Nixon is still conscious but is in great pain and has been receiving oxygen most of the night. The Vice President interrupted his work-vacation in New Jersey and plans to fly from Washington to his father's bedside in nearby La Habra.

Fourth False Alarm

The last of four false alarms reported in the city in the past four days was at about 10 o'clock this morning and was sounded from Box 2251 at East Strand, and Abruyn streets. Other false alarms were reported Thursday at 3:14 a. m. from Box 5541 at Flatbush and Clinton avenues; at 10:35 p. m. Wednesday from Box 2111, Chambers street at No. 3 School and another was sounded at 10:39 p. m. Tuesday from Box 2421, Delaware avenue and Hanratty street.

More Powerful

testing them without prior announcement and in secrecy.

A reporter reminded Eisenhower that last Sunday's announcement talked about a blast with a yield of something less than a megaton.

Noting that Eisenhower spoke today of the new blast being even more powerful, the newsman asked the President if he could be more specific about that.

Won't Change Plans

Eisenhower replied he could not—that he could only say at this time that it was more powerful. The Atomic Energy Commission (AEC), he added, apparently is not ready to go into more detail.

Responding to another question, Eisenhower said the latest Soviet nuclear tests will not bring any change in U. S. national defense plans.

We still are going on the assumption, Eisenhower added, that the Soviet objective is such that we must maintain our own security.

At the news conference—his first since he was nominated last week for a second term—Eisenhower also dealt with these matters:

Politics—He intends to stick to his February announcement that he will do no barnstorming or "whistle stop" campaigning. But Eisenhower said that does not foreclose the possibility of his traveling into key areas to make what he termed significant political speeches.

As for the plans he has in mind, Eisenhower said he intends to set forth his administration's record in great detail. But he added that under no circumstances will he engage in any petty name calling.

Stands on Record

A reporter told Eisenhower there is some concern in GOP ranks that a high level type of campaign might lead to complacency and result in a Republican defeat similar to the one in 1948. Eisenhower responded that his administration has a record and he intends to stand on it.

The President said he is going to make certain that it is made forcefully clear to the American people He said there will be no lack of candor in the GOP campaign.

As for the endorsement of his Democratic opponent, Adlai Stevenson, by the AFL-CIO executive council, Eisenhower said he had no comment on that.

He did go on to say, however, that while they were still separate organizations in 1952, the AFL and CIO gave Stevenson their endorsement that year.

Won't Speculate

Eisenhower declined to speculate on what influence the labor union leaders may have in swinging the rank and file vote of their unions to Stevenson.

Eisenhower noted that the vote in the AFL-CIO executive council this week was 17-5 in favor of endorsing Stevenson. He said he was proud of those leaders who did not go along with the endorsement.

Commenting on a book by Arthur Larson, undersecretary of labor in the Eisenhower administration, the President said the volume expresses his philosophy of government about as well as anyone ever has expressed it in a book of that size. The book is entitled "A Republican Looks At His Party."

DA Aide

that they had checked all entrances where negroes possibly could slip into the school.

"Now remember," Huffman said, "there's two doors in back. Now I'm not telling you what to do, but I'm just telling you about those doors."

A laborer, Owen Metcalf, appeared to be the recognized leader of the mob.

Asked if he was the leader, Metcalf said, "Lord, no. There ain't nobody leading this. This is just a damn mob."

Huffman was asked if he planned to remove the two effigies from the school property.

"I didn't put them up and I'm not taking them down," he told this reporter. "Let the guy who put them up take them down. Why don't you go up and take them down?"

By mid-morning, streets leading to the school were blocked with automobiles, parked side by side, but apparently without pre-arrangement for blocking access to the school.

About 8:45 a. m., a Mansfield police car drove slowly through the crowd, with those in the car passing out cigars.

Close to the school, persons in a panel truck from McDonald's grocery handed out cold soda pop to the crowd, that after two hours of standing in the heat appeared to be thirsty.

Reaction of white students to Negroes entering school appeared almost unanimous.

Linda Glaze, 15, said, "I think it's silly. Why don't the niggers go to Fort Worth. They're just showing their ignorance."

Glenda Geyer, 14, said, "if God wanted us to go to school together, he wouldn't have made them black and us white. It will be hard on the Negroes if they come here."

Bob McGuiry, 15, said, "I don't think they'll get to go. If the men don't keep them out, it will be up to us kids."

Betty Peterson, 14, said, "I don't like them. I don't want to go to school with them."

One boy, who would not give his name, had a different outlook. He said, "it's the men that's leading this thing. In the Bible it says everybody's going to be the same. I think it ought to be the same here."

ANNOUNCING NEW BROAD AUTOMOBILE INSURANCE POLICY
EFFECTIVE SEPT. 1st, 1956

A new family automobile policy providing broader protection at no additional cost and featuring a special "Speedclaim" service will be introduced September 1 by the Ætna Casualty and Surety Company.

The new "Speedclaim Service Kit", an important feature for motorists driving away from home, is designed to permit on-the-spot settlement of most automobile accident claims.

Coverages under the new policy have been broadened to provide greater protection for all residents of a household using the family car and for the policyholder and his family while using cars not owned by them, and to include automatic coverage of new cars acquired while the policy is in effect.

The broadened coverage will also apply after September 1 to all privately-owned passenger cars *now insured by the company*.

With the family automobile policy, Ætna Casualty has also introduced a completely new policy design. In addition, the policy provisions are written in shorter and simplified language.

Please Call 25 and we will be happy to explain in detail.
No obligation, we are agents to serve you.

Niagara Falls, N. Y., Aug. 31 (AP)—Engineers at the Niagara Mohawk Power Corp. are engeged in a detailed study of this region to determine the site for a new $75,000,000 steam generating plant.

Plans for construction of the plant were announced yesterday by Charles J. Wick, administrative vice president of the company.

Wick said the plant, when completed in late 1959, would be larger than the Schoellkopf power station which was destroyed by rockfall June 7.

The plans call for construction of two steam generating with a total power making capacity of 400,000 kilowatts.

AVOID NEEDLESS ACCIDENTS

With the nation's traffic toll mounting toward a record high, safer driving is a must, Labor Day motorists were told today by Lieut. Jack Dudek of Cleveland, national president of the Fraternal Order of Police. The 40,000 officers comprising this organization are conducting an intensive highway safety drive throughout the country.

Motorists are urged to make the only three-day weekend of the summer a monument to safety instead of a memorial to victims of needless accidents.

Several rules of the road to help holiday travelers reach their destinations alive are listed below:

Observe speed limits, and when weather and traffic conditions warrant, reduce speed accordingly.

Combat fatigue and monotony of long drives by stopping regularly every two hours, get out of the car, have a cup of coffee and a light snack.

Never drive more than eight to ten hours in a single day; and don't try to make your trip after a full day's work or play.

Don't confuse horsepower with hogpower. Be courteous and give the other fellow a chance.

Be sure your car is operating properly, check brakes, steering, headlights, and tires.

DISASTROUS DICTATOR

Sometimes our government seems to fumble and succumb to politics. The cry is then occasionally heard: "What we need is a dictator. He would make things move!"

A great deal depends on the dictator. Argentina had one for a number of years, Juan Peron, whose orders had to be carried out, or else. Peron is gone now, and the Argentines are discovering what his autocracy has cost them.

One very serious result is the worn-out condition of the railroads. Without them the country cannot move its wheat, meat and other products. In the 10 years of Peron's rule the railroads were neglected, or regarded only as a source of profitable jobs for Peron's followers. No less than 37 per cent of the locomotives are more than 48 years old, and only 25 per cent are under 24 years old. Little attention has been paid to electrification and diesel equipment.

Argentina has raised a good deal of money itself to remedy this situation. In addition, a mission to Washington hopes to get a loan from the Export-Import Bank. Meanwhile, the country is paying dearly for its belief in the virtues of dictatorship.

A woman watching the convention in San Francisco on television was a bit perturbed. She says she missed most of the show when it was done in Chicago a week earlier and had hoped that as long as they were doing a repeat performance they would keep the original cast.

OIL IS THE KEY

One word explains why the world is so upset over Egypt's seizure of the Suez Canal. The word is oil. Today we have a civilization based on oil. Of the world's oil reserves 70 per cent are in the Middle East. Only 10 per cent are in western Europe. The Middle East provides 80 per cent of Europe's present consumption.

Now if Egypt is able to seize the Suez Canal and fix shipping rates to suit itself, other Near and Middle Eastern states may well yield to the temptation to capitalize on their own oil resources. They could tear up their present contracts with American and European oil companies, and if their new terms were not met, cut off the oil.

The situation is complicated by racial and religious feeling. Oriental nations feel that Egypt is pleading their cause against the exploiting white man. That is why Indonesia, for instance, which is not directly concerned, is supporting Egypt.

But oil is at the heart of the Suez Canal situation. President Gamal Abdul Nasser of Egypt fully understands this. In his book, "Egypt's Liberation," published last year, he spoke of the presence of great oil reserves in the Arab area as one of the great sources of Egypt's strength. Nasser, by seizing the Suez Canal, made an open show of that strength.

'These Days'

By GEORGE SOKOLSKY

FREE PASSAGE

Must the world wait until the Egyptian Nasser transforms himself into the image of Hitler? He gives every evidence of aping the Austrian model who first paralyzed the world by his impudence and then brought it to disaster by his arrogance. The question that has faced the West at the London Conference is how long the principal nations can afford to appease Nasser and what his next step will be after the next appeasement.

The "Arab News Digest," published in New York, justifies the seizure of the Suez Canal Company by saying: "Since the Egyptian Government has agreed to reimburse all stockholders in the Suez Canal Company as soon as the canal's assets are turned over to Egypt, the Egyptians have violated no laws or principles of international practice." So far as the commercial nations of the world are concerned, the question is not who owns the canal but whether the canal is open to all shipping without political restriction by Egypt. For instance, it can be established from the facts that Egypt has already not only prevented Israeli ships from using the canal but has black-listed the vessels of other nations dealing with Israel, even to the extent of withholding supplies of drinking water.

King Saud said:

"Egypt's action (on the Suez Canal) was dictated by Egypt's and the Arabs' interests. I support every measure made to consolidate the Egyptian economy and strengthen Arab prestige."

What shall we say when King Saud seizes the huge American investment in his country, an investment made in good faith and on generous terms? If Nasser can get away with seizing the property of the British and the French, why should not Ibn Saud seize the investment of the Americans when he can find it profitable to do so?

The Egyptians could have controlled the Suez Canal Company. Instead, they were profligate in their management and sold their shares to the British. The buy was such a good one that the British Prime Minister, Benjamin Disraeli, did not wait for Parliament to authorize the purchase. He bought those shares on his own, borrowing the money from the Rothschilds. Eventually, the shares were transferred to the British Government.

So competent has been the management of the Suez Canal Company that shares which have a par value of $80.50 were selling for as high as $260 when Nasser pulled his coup d'etat. The value of those shares today depend not upon competent management but upon political circumstance. The fluctuation is probably very great. Unilateral seizure of a company, without negotiation or discussion, without payment or a responsible promise to pay is brigandage and should be regarded as intolerable no matter who does it or for what reason. According to the original agreement, the canal should revert to Egypt in 1968, but Nasser could not wait for an agreement to run its course. He is a man in a hurry and his kind of hurrying can, in time, bring on World War III.

By the Constantinople Convention of 1888, it was agreed that "The Suez Maritime Canal shall always be free and open in time of war as in time of peace, to every vessel of commerce or war, without distinction of flag. Consequently, the High Contracting Parties agree not in any way to interfere with the free use of the Canal, in time of war as in time of peace. The Canal shall never be subjected to the exercise of the right of blockade."

Since May, 1948, however, Egypt has declared a maritime blockade of Israel. Despite United Nations efforts to terminate this blockade, it has continued unabated. On April 3, 1950, the Egyptian Government decreed:

"Article 3: It is always permitted to use force, by opening fire when necessary, on any ship endeavoring to evade the procedures of search and thus to force it to halt and be searched."

"Article 17: Our Ministers are charged, each in his own sphere, with the implementation of the present Decree."

A number of other measures were taken to prevent goods from reaching Israel, all in violation of the Constantinople Convention which is binding upon Egypt. This experience cannot be ignored by countries which have geared their commerce to the use of the Suez Canal. Egypt might use the Israel experience, if it be condoned, as a precedent for "blacklisting" the ships of Western nations to suit some whim of Nasser.

That Body of Yours

By JAMES W. BARTON, M.D.

RESULTS FROM BRAIN SURGERY

We have mentioned some of the complications which may arise from neurosurgery such as epileptic-like seizures, behavior disturbances and indifference. In general, alterations in personality after lobotomy (cutting of nerves in certain lobes in the brain) include reduction in initiative, lessening of the capacity for planning, diminshed socal sensibility, and lessening in the range and intensity of feeling. Usually the urge to gratify pleasurable needs, such as eating, sleeping, smoking, is exaggerated. Some of the more disturbing personality traits observed after operation are tactlessness, easy irritability, explosive outbursts, and an exaggerated desire to joke. Occasionally, lobotomized patients tend to indulge excessively in alcohol or in sexual activity. These latter traits were in existence before the operation.

Just how effective has neurosurgical treatment been? This seems to vary from clinic to clinic. If the selection of patients is good and the treatment is directed principally toward relief of symptoms to an extent which enables the patient to function effectively in the community, the results of operation are usually good, and the percentage of patients who are benefited is relatively high. On the other hand, if the range of psychiatric disorders treated by neurosurgical methods is broad and not properly selective, results vary from good to poor.

In clinics where a wide variety of psychiatric disorders are treated, usually about fifty per cent of the patients are able to leave the hospital and function in the community although the effectiveness of the functioning varies in proportion to the degree of psychiatric improvement.

Of patients who remain in hospital, about half show improvement in ability to live in a comfortable and socially acceptable manner and are able to work and get along with others much better than before operation. The other half shows little or no improvement; indeed, a small percentage of patients may be greater problems after surgery.

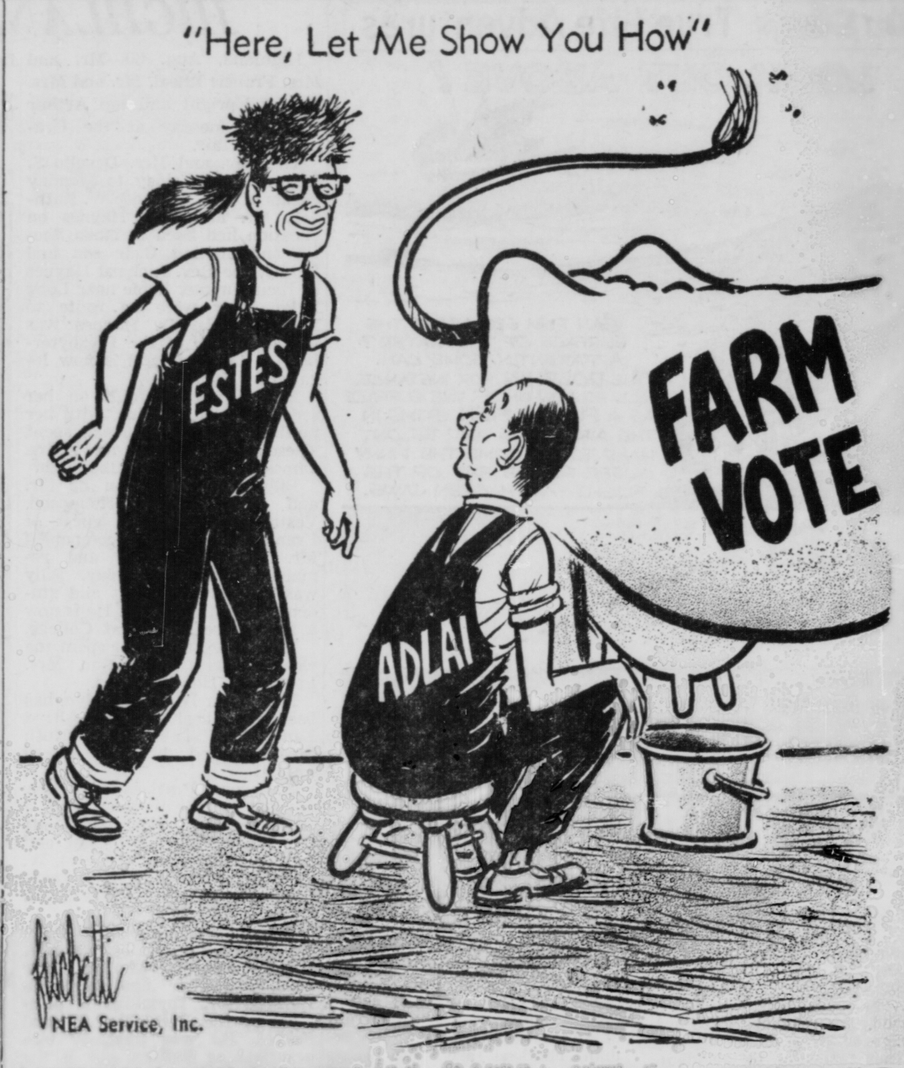

As we have pointed out before, there are four main considerations before neurosurgery is advisable. They are: 1. The patient is suffering from a chronic disabling psychiatric disorder; 2. The outlook is poor; 3. All other forms of treatment have been ineffective; 4. The patient has a disorder which neurosurgical treatment can reasonably be expected to benefit. If we will keep these four points in mind, we may save ourselves much disappointment if the results are not good and may restrain ourselves from requesting neurosurgery from which we may expect no real benefit.

Edson's Washington News Notebook

BY PETER EDSON
NEA Washington Correspondent

Washington, (NEA)—Results of the Republican and Democratic nominating conventions made 100 per cent accurate political prophets out of just seven of the 1,000 daily newspaper, magazine, radio and television correspondents accredited to the congressional press galleries in Washington.

Last November—just one year ahead of the forthcoming elections, these seven correctly predicted that the Republican ticket would be Eisenhower and Nixon, the Democratic ticket Stevenson and Kefauver.

THE SEVEN REPORTERS who correctly named the tickets nine months ahead of the nominating conventions were:

Walker S. Buel, Cleveland Plain Dealer.

George Bookman of Time-Life, Inc.

Ray Henle of National Broadcasting Co.

William F. Pyper of the Booth Newspapers of Michigan.

Edward H. Sims of Columbia, S. C., State and Record.

Harold G. Stagg of Army Times.

Walter Trohan of the Chicago Tribune.

Two other correspondents also correctly named the tickets, but did not sign their predictions. This will give all other Washington newsmen a chance to lay claim they were one of these two around the Press Club bar. But handwriting samples will have to be submitted before credit is given.

Eight other correspondents—one anonymous — correctly picked three of the four standard bearers. All of them named Eisenhower and Stevenson, but missed on one of the vice presidential candidates.

THE SEVEN SIGNERS with the 75 per cent score were Ted Ayers of CBS; Mark Foote of Booth Newspapers; John F. McLeod of Washington Daily News; Chester Potter of Scripps-Howard Newspapers; William G. Raleigh of Bureau of National Affairs; James T. Rogers of Gannett Newspapers and this correspondent, who went wrong in picking Warren instead of Nixon for GOP vice president.

Only four other correspondents—one anonymous—correctly picked Eisenhower and Stevenson to head the tickets but missed on both vice presidential nominees. The three signers were: Earl Godwin of NBC; Fred Perkins of Scripps-Howard; and Marjorie Van de Water of Science Service.

THE FACT THAT only 21 reporters picked Eisenhower and Stevenson as this year's candidates is explained by the fact that when the poll was taken, 88 per cent of the correspondents thought President Eisenhower would not be a candidate for a second term. Only 11 per cent thought he would run again, with one per cent having no opinion.

On the other hand, 88 per cent of the correspondents picked Stevenson as the likeliest Democratic nominee. At the time of the poll, five per cent thought Harriman would be the Democratic nominee and three per cent thought it would be Kefauver. The other four per cent refused to guess.

Senator Kefauver led as the likeliest Democratic vice presidential possibility, with a 34 per cent vote. Gov. Frank G. Clement of Tennessee was second with nine per cent and Sen. Hubert Humphrey third with four per cent.

For the Republican vice presidential nomination, Nixon led with a 41 per cent vote, Chief Justice Earl Warren was second with 19 per cent, Gov. Thomas E. Dewey and Sen. William F. Knowland tied for third with five per cent each.

'Part-Time President' Held As Poor Issue for Democrats

By DAVID LAWRENCE

Washington, Aug. 31 — The Democrats say openly that they are going to make a campaign issue of their charge that President Eisenhower is a "part-time President." Their idea is that, even before his illness, the Chief Executive was not giving full attention to his duties.

This is an issue which the Republicans ought to welcome for debate. For it goes to the very core of personal integrity and devotion to duty. It means that the Democrats will try to portray Dwight Eisenhower to the country as the kind of man who neglects his duty. It implies of the largest army in history ever commanded by a single man, he must have had the same disregard of duty. It means that when he was Commander-in-Chief that, after being elected to the highest office in the gift of his fellow citizens, he has not served conscientiously but has purposely and wilfully turned away from the functions of his job.

Democrats Face Task

Will the American people believe and such accusation? Will this kind of personal attack get across on the stump? If there's one thing about Dwight Eisenhower which has made an indelible impression on the electorate, due to his utter frankness and candor in his press conferences whenever questions have been asked of him about his work or his health, it is unswerving honesty. People may disagree with his views bu they think he is honest. What the Democrats will be trying to do is to convince the voters that Mr. Eisenhower isn't honest about his work and lets it slide while he plays.

From the very beginning of the Eisenhower administration, the reporters have written news stories about the President's recreation. This has resulted in an undue emphasis on his absences from the White House, though the record shows that F. D. R. often went to Hyde Park and Warm Springs, and was away from the White House far more than Ike has been. Indeed, because it was war time, the press was asked not to report many of F. D. R.'s movements. Recently the White House records were searched and the facts made known, which revealed that other Presidents have taken recreation frequently and have left the White House more than has the present incumbent.

24-Hour Job

But the press here has not always emphasized what happens when a President departs temporarily from the White House. The story of the elaborate arrangements for instant communication with the President, no matter where he happens to be, is not often told. Nor can the reporters, even when the President is in the White House, know about the dozens of telephone conversations or private conferences he has with high officials on current problems. Any one who thinks a President of the United States can be off the job for as much as an hour a day or night without being subject to call doesn't know the White House routine.

The public will soon tire of the so-called "health" or "part time" issue. For the fact is that no human being can guarantee that Eisenhower and Nixon or Stevenson and Kefauver will live out their terms if elected. The American people are not likely to accept the thesis that, because a President might possibly fail to live out his term, it's a good reason for voting for another candidate who represents a totally opposite point of view on the main issues of the campaign.

What is really more important, on the other hand, is for Adlai Stevenson to answer the principal questions that people are already asking. Would he favor war on Red China and further military action to avenge the shooting down of an American plane? Would he favor lending Nasser a billion dollars to build the Aswan Dam to enable Egypt's cotton to undersell American cotton in the world market? Does he criticize the present Administration because it gave moral support to the effort of Egypt to get British troops out of the Suez? Would Stevenson give away more of the American taxpayers' money to India and to the other so-called "uncommitted" countries? Would he abandon nuclear tests even if the Russians keep right on with them?

Other Questions

These are not the ony pertinent questions that are being widely discussed. The Democratic party's nominee will have to state clearly whether the Democrats intend to pillory "big business" if they get into office and thereby stop business expansion and involuntarily bring about a drop in employment. Does Stevenson intend, if elected, to declare war on the public-utility industry and favor government ownership of the atomic-power plants for peaceful use? Does he intend to allow labor unions to dominate and put the White House back into the business of negotiating at the top level wage settlements favorable to the unions, instead of letting both sides scraps it out at the collective bargaining table without government interference as the Eisenhower administration has done?

These are some of the vital problems which are worrying business men today in planning for 1957 and 1958 and thereafter. They want to know if present prosperity will be interrupted by another New Deal or Fair Deal which considers its paramount duty to be the breaking up of the business structure in a punitive way with the excuse that it is only breaking up "monopoly."

As for the "part time" issue, the Republicans will be answering it by asking another question:

"Which would the American people prefer—a 'full time' President, who devotes all his time to destructive policies or a President who, when he is at his desk, spends all his time developing constructive policies?"

Quality Counts

It doesn't take long to think up ways to spend money instead of cutting out waste. It doesn't take many minutes to make a decision that can increase the military draft calls and send American boys into foreign wars. It doesn't require many hours to take measures that bring on inflation or to approve spending programs that unbalance the budget and drive the purchasing power of the dollar down to half its present value.

What really counts in the long run is not the quantity of hours spent by some Presidents in their recreations, such as playing bridge or poker with cronies, but the quality of the work done by a conscientious President of the United States.

AS PEGLER SEES IT

By WESTBROOK PEGLER

San Francisco, Aug. 30 — Joe Curran, the president of the National Maritime Union of the CIO, is a member of a Committee on Ethical Practices, set up by the combined job-monopoly of the AFL and CIO. The committee has power to forgive and restore to good standing in the community any Communist union boss, however vicious, on its own finding that he has ceased to be a Red or, indeed, that he never was one. On Joe Curran's motion it could certify Harry Bridges without any admission that he ever followed the Red revolutionary line. Harry and Curran are old cohorts.

The Labor Relations Board, loaded with Communists, had created the National Maritime Union for the purpose of destroying the old Pro-American Sailors' Union and delivering all our non-service ships into the control of the Soviet Union's American apparatus.

The ethical standards of the committee are not defined. If they were they would defy the normal standards of decency and personal and collective responsibility for criminal acts and conspiracies.

The committee is a political ruse, driven by propaganda fomented by unions with an aggregate of one thousand million dollars. Dave Dubinsky's garment workers, and ill-paid trade with a treasury vaguely reported at $160 million, is the principal beneficiary of this political propaganda. Dubinsky is idolized in print. Facts about him are ignored. Dubinsky piously professes that he hides nothing but he has admitted in writing that he sent money to unidentified recipients to conduct reolutionary activity in Europe during and soon after the war.

He also fetched by hand an unspecified amount of currency to France for purposes never explained in detail. This money belonged to American workers. It could have been spent to stimulate Red hostility against American troops. The ridiculous central intelligence agency, financed by the public treasury, learned in the case of the reversible Dr. Otto John, of Germany, that it could be deceived by Reds who pretended to be "on our side." Dubinsky is not known to be any wiser than the CIA and, furthermore, his two chief political agents in overseas intrigue are Trotsky Bolsheviks who have declined a standing challenge for six years to prove that they ever repudiated armed revolution against the government of the United States.

The most insulting phase of this committee on ethical practices is the inclusion of Curran. His brutality was notorious, but Harry Lundeberg, the president of the anti-communist West Coast Seafarers' International Union, AFL, never could bring him to grips. The Labor Relations Board had spotted a temporary weakness in the old seaman's union, of the AFL, a listless thing which was flinching in the face of the combined belligerence of Bridges, Curran, the labor board and a heterogeneous mass of rioting insurrectos. It finally dissolved and the AFL chartered Lundeberg to fight Curran.

Lundeberg rallied sailors who loved a fight and they slugged the Reds in bloody affrays and chased them back to the Atlantic. Lundeberg snarled and dared Curran to fight but he never got his licks although Curran had a fearsome propaganda reputation as a bucko bosun, but on passenger ships, not freighters. There is a big difference. Meanwhile, on the Atlantic and the Gulf, Joe Ryan and his longies of the AFL, Irish, Italians and stateside American Negroes, beat back the combined Bridges-Curran filtration of the ports.

Curran colloborated with the Communists in eery conceivable twist of the Moscow line. Now he turns up on the ethics committee with a beautiful initation to induct Bridges into the AFL-CIO on the ground that Bridges has changed.

Lundeberg insists over and over that bribes have been spread around to create public acceptance for Curran and pave the way for Bridges onto the docks which Ryan, broke, sick and crushed by the cabal, no longer has the strength to defend.

Girl to McKeons

Beaufort, S. C., Aug. 31 (AP)—The wife of marine S. Sgt. Matthew C. McKeon gave birth early today to a 7-pound, 6-ounce girl at Beaufort Navy Hospital. It was the McKeon's third child. Both the mother and the new baby were reported doing well. Mrs. McKeon was brought last night to the hospital by her husband, court-martialed earlier this summer in the drowning of six marine recruits during a night march he led. McKeon was convicted of negligent homicide and drinking while on duty. His nine-month prison sentence is under review by the secretary of the navy.

Think It Through

By E. F. HUTTON

NO COMMUNISM IN RUSSIA

According to Marx, Lenin and Engels, under Communism every one "will work according to his abilities and be compensated according to his needs."

Under such a system, an unskilled married man with ten kids would be paid more than a skilled single man, for his needs would be greater.

MR. HUTTON

There is nothing of this sort in Russia. Few countries place greater stress on incentive "piece work" pay where workers are compensated according to their performance, not their needs.

In short, there is no Communism in Russia today. The word, "Communism," has no relationship to the actual Russian system.

The Russian economic system is Socialism, not Communism. It is an authoritative police state in which supreme political and economic power is held by a small self-perpetuating Oligarchy (government by the few) called the Politburo.

As there is no Communism in Russia, so there is no Democracy as we understand the term.

In the great struggle in which we are engaged, we must recognize the enemy of the American system for what it is—Socialism, not Communism. It is authoritarianism against individualism, force against freedom.

Every bill in Congress to have the Federal Government expand its ownership in control of production, transportation, merchandising, mining, education, banking and credit brings us closer to the real Russian system, the authoritative police state.

This word, "Communism," is a red herring that gets us off the trail.

Storm Okinawa-Bound

Tokyo, Aug. 311 (AP)—Diana, fourth typhoon of the season, churned toward Okinawa and its big U. S. bases today. U. S. planes from Manila's Clark Field located the storm this afternoon 480 miles southeast of Okinawa. They said it was moving northwest toward the Ryukyus at 9 miles an hour. The spotters clocked the maximum winds within the typhoon at 80 miles.

Spinning Impression

Charleston, W. Va. (AP)—Paul White, 24, really made an impression when he went for a spin the other day on U. S. 119. He sideswiped two cars, knocked down two utility poles, left a wreckage of power lines along the highway, tore down 60 feet of fence and nine steel posts, and finally hit a third utility pole which demolished his car. White walked away with a slightly puffed lip.

Lopez Released, Costantino Is Still in Hospital

Vincent Lopez, 25, of Wappingers Falls, one of five persons injured in a two-car collision at Broadway and Stuyvesant street, Sunday was discharged from Kingston Hospital Wednesday.

John Costantino, 34, of Highland, who was also hurt in the mishap, is still at the hospital and was reported in fair condition today. Lopez suffered nose and chest injuries and Costantino reported injuries of the back and chest and a lip laceration.

The Costantino car, police said, was struck by a car driven by William Charles Boughton, 21, of RD 1, Box 260, Kingston, a member of the U. S. Marine corps, who was transferred from the local hospital to St. Albans, a naval hospital in New York. He suffered lacerations of an arm and upper lip.

Boughton is due to appear in city court on charges of reckless driving and driving without glasses, as soon as he is able to leave the hospital. Frank Boughton, 23, of the same RD address and Anthony Ninni of Wappingers Falls were less seriously hurt in the mishap.

Want Restrictions Eased

Ann Arbor, Mich. (AP) — The men trying to make a living in Michigan's failing commercial fishing industry say the state tells them when, where and how to catch fish. They want the restrictions eased. Some relief is expected in a decision to reestablish state hatcheries for yellow pickerel, white fish and lake trout. Commercial catches of those fish once amounted to 90 per cent of Michigan's total. Now it is only 10 per cent.

As a comparison between freight and passenger revenues on U. S. railroads, the result is in favor of freight cars instead of super de luxe passenger trains. In 1955 railway passenger revenues were $743 million. During th same period, railway freight revenues were $8 billion.

BABSON on BUSINESS

Babson Park, Mass., Aug. 31 —The recent passage of the Federal Highway Bill has centered a great deal of attention on toll roads and the numerous problems they face.

During the debate on the Federal Highway Program, weakness began to develop in the prices of many toll road bonds. Finally, when this bill was passed, many holders of these bonds became alarmed and sold out for fear that the proposed new freeways would successfully compete with existing toll roads. Many investors felt that the government highway program would shelve practically all plans for new toll roads.

BUT I FEEL that too much stress has been put on the probable competitive effect of freeways. Remember that state highway departments will control the expenditure of funds allotted by the Federal Government. In the past, states have encouraged the building of toll roads. Therefore, it seems quite certain that states would not lay out new freeway routes that would clearly divert much traffic from existing toll roads.

Fear of competition from new freeways may well be only a temporary retardant in the planning of new toll roads. This would be true if such roads considerably reduced travel time between heavily populated centers. Certainly where current studies show heavy traffic possibilities, it is likely that new toll roads will be built in the future.

But I forecast there will be fewer offerings of toll road bonds, so that eventually we may well see higher prices for good existing toll road issues. There is also the strong possibility that eventually some states may take over toll roads, issuing state bonds for existing toll road bonds, thus improving their credit position.

WHILE SOME states have directly or indirectly guaranteed interest and principal payments on toll road bonds, most issues are secured solely by revenues collected from users. Investors should carefully check the security of issues offered them. Be especially cautious when buying bonds on projected toll roads.

Now that the federal government has agreed to furnish up to 90 per cent of the cost of the construction of approved freeways, it is less likely that state legislators would promise to even partially support a new toll road. No doubt big bond houses will try to put pressure on state legislators to guarantee a portion of the cost of toll roads. But I predict that little state support will be forthcoming, except in cases where such roads can very clearly be shown to be self-supporting.

RISING INTEREST rates and a tight money supply have also caused a price decline for outstanding toll road bonds. Furthermore, these factors add heavily to the cost of building. Existing toll roads were favored a few years ago with rising bond prices and easy money.

Besides higher interest rates, materials and wage costs have risen 70 per cent within the past few years. In 1953 and 1954 the average cost was $980,000 a mile. Logically this means that much higher toll rates must be charged, adding greatly to the competitive position of freeways.

THE CONTINUED failure of West Virginia Turnpike revenues to come up to the estimates made when the bonds were first offered causes buyers to hesitate before committing themselves to such issues. But this and other experiences no doubt should lead to much more conservative estimates of traffic and revenues.

However, recent traffic experiences in West Virginia and Ohio, and with extensions of the Pennsylvania Turnpike, will certainly put a damper on new issues for some time. But in the long run, where existing toll roads serve a real economic need at a fair level of charges, there need be no fear of bonds based on them. In the meantime, I predict that some bargains are likely to develop in existing toll road tax-exempt revenue bonds.

Hungarians Shoot Way Across Border

Vienna, Austria, Aug. 31 (AP) — Four young Hungarians armed with pistols shot their way past Communist border guards early today in a daring dash to free Austria.

They turned in their weapons and requested asylum, Austrian police said.

The refugees crashed a heavy truck through the Hungarian border barrier, but the vehicle broke down while still inside Hungary and Communist guards opened fire.

The fugitives, ranging in age from 18 to 20, shot back and forced the border guards to take cover. The young men then sprinted over the frontier.

JACOBY ON BRIDGE

Play of Ace Saves Face

BY OSWALD JACOBY
Written for NEA Service

Should declarer take the ace of spades at the first trick in today's hand? If he does, he will lose his game contract.

If declarer takes the ace of spades and leads trumps, the opponents will take the ace of hearts and cash two more spade tricks. They will then take the ace of diamonds to defeat the contract. If declarer takes the ace of spades and returns another spade in the hope of ruffing in the dummy, the opponents will take the ace of trumps themselves and then cash a spade trick and the ace of diamonds.

South cannot gain by taking the ace of spades and running the clubs immediately West will ruff the third round of clubs with a useless trump. In short, there is no way that South can gain against good defense if he takes the ace of spades at the first trick.

The case is quite different if South refuses the first trick. If the defenders switch to trumps, declarer still has the ace of spades to control that suit. If the defenders, instead, lead a second spade, South can get to his hand with the king of clubs in order to ruff his third spade in the dummy. It is then easy to draw trumps and give up just one trick to each of the red aces.

Vietnamese Troops Take Over Islands

Paris, Aug. 31 (AP)—The French News Agency said today the navy of South Viet Nam has landed troops on the Spratly islands, some 300 miles southeast of the coast of South Viet Nam.

Quoting an authorized Vietnamese source in a dispatch from Saigon, the agency said the troops planted a National flag and set up a marker to establish Vietnamese sovereignty over the islands. It did not say when the landing was made or how many troops were involved.

The Spratlys are part of an archipelago in the South China Sea. At least four nations—Communist China, Nationalist China, France and South Viet Nam—have claimed sovereignty over them. One individual claim also was made recently by a Filipino named Thomas Cloma. Some of the islands are reputed to have rich deposits of phosphates. They also are considered valuable fishing grounds.

Utica Has $60,000 Warehouse Blaze

Utica, N. Y., Aug. 31 (AP)—A warehouse fire raged out of control for nearly two hours last night in the downtown business section of this city.

The fire, at 58 Genesee street, was believed to have started on the third floor of a building owned by William Seim, fire officials said.

2 Firemen Hurt

Two firemen suffered minor injuries in fighting the flames which leaped 30 to 40 feet into the air.

Heat, smoke and water damage was reported at two nearby buildings. Police said the heat was so intense that an elevator cable in a building two doors away snapped, dropping the elevator a short distance in its shaft.

A heavy rain was reported to have hampered the firemen who arrived at the scene at 11:30 last night. Firemen were still at the scene early this morning.

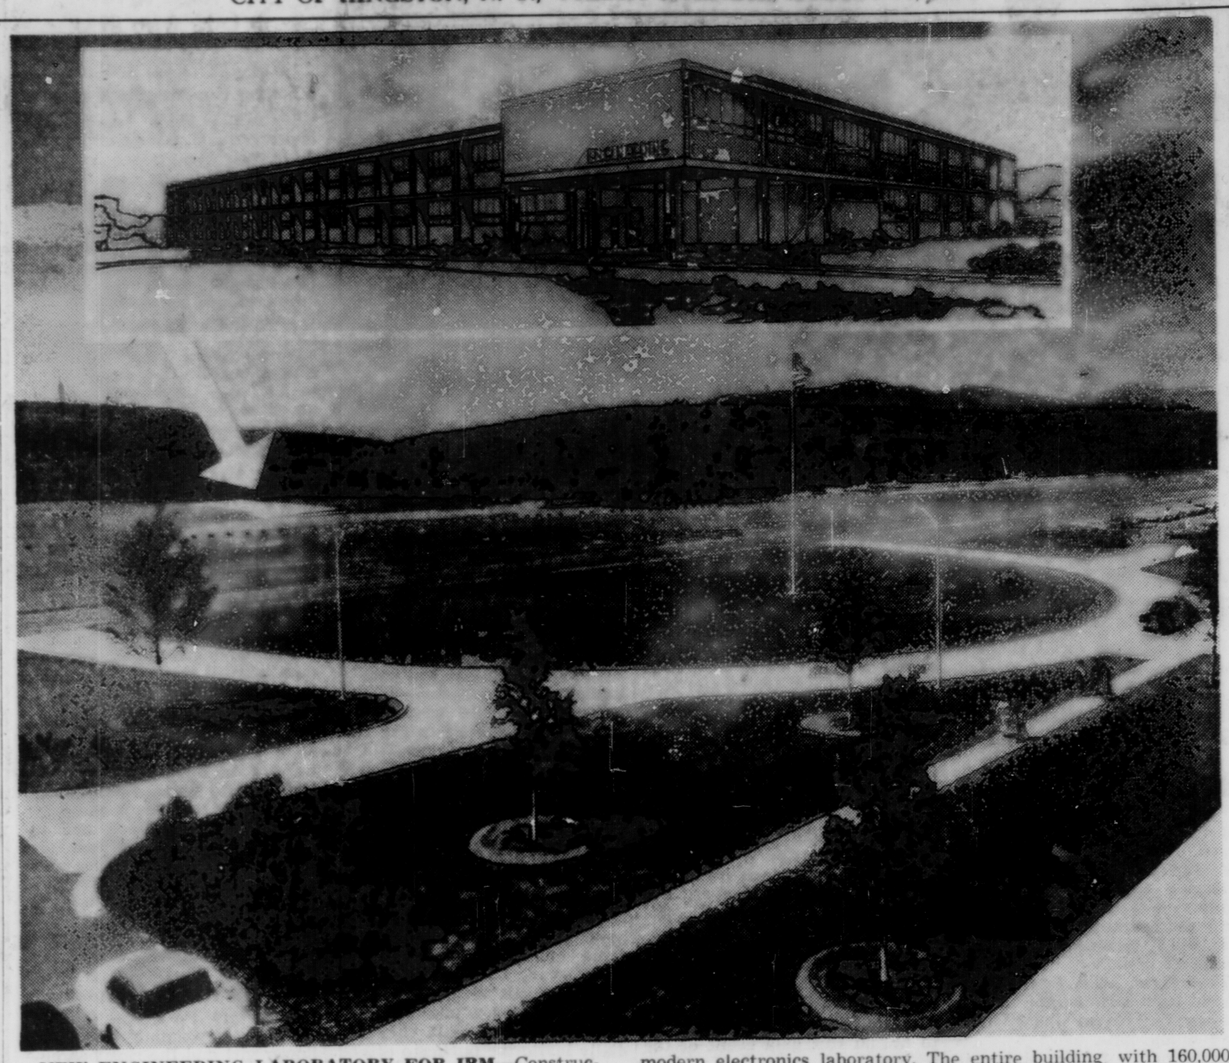

Heavy damage was reported in the Seim building. An adjacent building owned by the R. Rosen Wholesale Clothier Co., suffered considerable damage. Seim estimated damage to his building at more than $60,000.

Complete estimates of the damage was not available immediately. Fire officials said the cause had not yet been determined.

NEW ENGINEERING LABORATORY FOR IBM—Construction of this new engineering laboratory for its Military Products Division here will begin in October, International Business Machines Corporation announced today. The locale is a 60-acre tract on the west side of Boice's Lane, Town of Ulster, immediately opposite the Military Products Division plant as designated by arrow in the photo pointing from the architect's drawing of the new laboratory. It will be two stories high, except at the western end, where the contour of land permits a third story.

Scheduled to open in 1957, the structure is designed for complete flexibility of operations, with all facilities required in a modern electronics laboratory. The entire building, with 160,000 square feet, and brick exterior facing, will be air-conditioned, humidity-controlled, and acoustically treated. It will have classrooms, library, dining area and special model rooms, and an adjacent parking ground for 500 automobiles.

Giffels and Vallet, Detroit, Mich., are the designers and enginers, with Louis Rosetti as associate architect. Turner-Campbell Construction Co., New York city, has the building contract.

IBM announced plans for the new laboratory at a press conference June 29, when newsmen were present for shipment of the first SAGE computer to the United States Air Force for installation at McGuire Air Force Base, near Trenton, N. J.

Two Are Killed, Four Injured in Truck-Auto Crash

Centreville, Md., Aug. 31 (AP)—A Philadelphia truck and a Florida-bound auto collided with a terrific impact on U. S. 213 near this eastern shore town yesterday, killing two and injuring four.

Dead were Mrs. Josephine Ungolo, 48, of (1918 Plunkett street) Hollywood, Fla., and a son, Frank Ungolo, 14.

Not all crows are black. The Clark's crow, named after the explorer of the Lewis and Clark expedition, is a gray and white bird, with black trimmings.

'Lonely Hearts' Jury Is Recalled For Delhi Death

Delhi, N. Y., Aug. 31 (AP)—A grand jury will be reconvened next Wednesday in connection with the "Lonely Hearts" death of a 60-year-old widow last October.

Gleason B. Speenburgh, Delaware county district attorney, declined to say yesterday why he was recalling the grand jury.

New Evidence Coming

However, the Oneonta Star said it had learned that new evidence would be presented against 70-year-old Alex Hannus, a retired sea captain.

Speenburgh originally asked the grand jury for a first-degree murder indictment against Hannus.

The grand jury indited Hannus last April only on a charge of burying Mrs. Anna Duhamel at her farm home at Handsome Hollow without a permit. The maximum penalty is a $50 fine.

Remains in Jail

Hannus pleaded innocent to the indictment in June but did not request bail ad has remained in Delaware County Jail pending trial.

Police have quoted Hannus as saying that Mrs. Duhamel died in a fall after he hit her once in self defense. Hannus said that he had awakened one night to find her standing over his bed with a butcher knife in her hand.

The sea captain said he had started corresponding with Mrs. Duhamel in 1954 and later moved in with her on her farm where he was a handyman.

Dies for Dual Slaying

Ossining, N. Y., Aug. 31 (AP)—A prayer on his lips, 27-year-old Joseph L. Reade died last night in Sing Sing prison's electric chair for the rape slaying of his brother's wife and the strangling of her infant daughter. Reade was convicted of killing Mrs. Beverly Reade, 26, and her 19-month-old daughter Cheryl Lynn in a Jamestown, N. Y., apartment July 11, 1955. Reade's brother Francis, 24, found his wife and child dead upon returning home from a night shift job. His lips moved in prayer as he was strapped into the chair. Three minutes later he was pronounced dead.

Four Are Indicted

Riverhead, N. Y., Aug. 31 (AP)—A Suffolk county official and three other persons have been indicted on charges of using the county's poorhouse name to obtain pharmaceutical supplies at a discount for a private firm. Charged in the indictment handed up yesterday by a special grand jury were J. Milford Kirkup, Suffolk county commissioner of public welfare; Albert Freistadt of Bay Shore; Irving Garfinkle of Huntington, and William Egelman of Islip. All four men pleaded innocent before Justice George Tilzer and were released in $2,000 bail each.

Wrong Owner Reported

The car struck by one of two derailed freight cars on East Strand Wednesday morning was owned by Arthur H. Buck, of Stuyvesant street, and not Robert Buck, of Roosevelt avenue, as was first reported.

Chicken Theft Reported

Mrs. Katherine Koleniak of 36 Rondout street reported to police Thursday night that two black and white chickens were stolen from a coop in her backyard. Mrs. Koleniak told police the chickens were apparently stolen in the past couple days. She estimated the value at $8.

Former Olive Folks To Celebrate 48th Reunion Labor Day

Former residents of the town of Olive who have been holding annual reunions at Boiceville since 1908, are hoping for a fine clear day Labor Day when the 1956 Boiceville Reunion picnic will be held at the Joseph Friedburg grove.

This annual Labor Day reunion of former residents of the Town of Olive for nearly half a century has been bringing together many of those who were displaced from the Ashokan reservoir area with the coming of New York city's big water project. Each year former residents of the area meet at Boiceville to renew old friendships and make new ones.

Pratt Boice, president of the reunion committee, announced that Harry Rigby Jr., will be the guest speaker.

The reunion will begin at noon and a picnic luncheon will be served in the grove. Refreshments will be served again this year by Olive Fire Company No. 5 and the public address system of the fire company will make all portions of the program audible to those on the grounds.

The first reunion was organized by Millard Davis and Arthur Churchill in 1908. At that time it was not expected that the "Boiceville Picnic" would become an annual affair.

Music for the occasion will be provided by Fred Russell and his orchestra.

Other officers serving on the program are Mrs. Lottie Hesley, vice president and Elwyn C. Davis, secretary-treasurer.

DISCUSS PLANS FOR SHOW—Shown seated about the pool in the gardens at the home of Mrs. Robert Moseley, 103 Albany avenue, is part of the planning committee for the fashion show of St. James Methodist Church. They are (l-r) Mrs. Frank J. Sterly, Mrs. Ralph Harper and Miss Marion Clarke. The show will take place on Saturday, Sept. 8 at 1:45 p. m., in the gardens of Mrs. Moseley's home. (Tom Reynolds photo)

Women's Society of St. James Methodist Plans First Fashion Show of the Season

For their first social event of the season, the Women's Society of St. James Methodist Church has scheduled a fashion show and garden party for Saturday, Sept. 8, at 1:45 p. m. It will be held in the gardens of Mrs. Robert Moseley's home at 103 Albany avenue, according to Mrs. Ralph Harper, chairman and Mrs. Ebert Warren, co-chairman.

Marion Clarke, designer and milliner, will be the commentator and Sunny Jennings of WRGB-TV, Schenectady, will be the guest of honor

The show will feature the latest fall and winter styles, clothes for casual living, furs, jewelry and hats.

Dogs for the fashion show will be provided through the courtesy of the Ulster County Dog Club Inc., Miss Susan Ashley and Mrs. Cynthia Berardi.

Local stores participating in the fashion show include The Wonderly Company, Helen Davenport, Sterly Furriers, Tom Reynolds Photography and Marion Clarke Millinery.

Modeling will be the Mmes. Harold Finkle, Roy Wulff, Frank Pearson, John MacKinnon Sr., G. V. D. Hutton Jr., Edward DeGroff, Gifford Beal and Miss Barbara Merrick.

Proceeds of the show will be used to defray expenses of the organization's many civic projects.

The public is cordially invited to attend this gala event of the season.

High Woods Fair Is Set for Monday

On Monday, Labor Day, the High Woods Church will hold its annual all day fair.

Booths will offer a variety of articles from aprons to rag rugs and a baked ham dinner will be served at noon continuing throughout the afternoon and evening.

Music will be provided for the occasion and a parade has also been scheduled.

Prints of pictures taken of the area about 40 years ago will also be made available to those attending. The pictures show the rapid changes made over the years.

High Woods residents are expecting to renew old acquaintances at the fair and they cordially invite the public to attend.

Santa Claus Visits High Falls in August

Children of High Falls were treated to an afternoon of refreshments and games during a block party that was given by an unknown benefactor. The program was set up under the supervision of Frank Lynch and the High Falls Youth Club.

More than 200 children attended. The first part of the event was devoted to activities for those under 12 years of age. Later the teenagers danced and joined in games. Refreshments, including a treat of Italian Pizza pies, were served.

The hearts of the people of High Falls were warmed by the generosity and interest displayed by the anonymous sponsor of the party.

GUESTS WHO STAY TOO LONG

"Will you please tell me how a hostess can get guests to leave an afternoon party. I have given two afternoon parties within the past few months and even though the invitations stated three to six o'clock, many of the guests stayed on into the evening. I am very reluctant to give any more afternoon parties unless you can offer a solution to this problem."

You must be a very good hostess and your guests must be having a very good time. You cannot possibly ask them to go, so all I can suggest is that you never make any plans for the evening following a party.

Returning Invitations

Dear Mrs. Post: Having been entertained in a neighbor's house, would it be unfriendly, or unneighborly, not to extend an invitation to them to our house. My husband thinks not, but I disagree with him. Will you please let me hear from you on this matter.

Answer: You should certainly return an invitation if you can, especially if you have enjoyed their hospitality.

Place Mats

Dear Mrs. Post: Are place mats proper at a formal dinner? I am of the opinion that a tablecloth should be used at a formal dinner and that place mats are proper only for lunch and informal dinners. A friend disagrees and says that place mats are proper at all times. Will you please set us straight on this?

Answer: Only a tablecloth is correct for a really formal dinner.

Gifts for the Children

Dear Mrs. Post: Are the children in a wedding party—the flower girl and the ring bearer—supposed to be given presents for taking part in the wedding the way the older attendants are?

Answer: A present for each is very important because the children care much more than the adults.

MissGloriaLounsbery Is Engaged to Wed

Mr. and Mrs. Charles Lounsbery of 431 Wilbur avenue announce the engagement of their daughter, Gloria, to Stanley J. Edinger, son of Mr. and Mrs. Harry F. Edinger, 21 Reynolds street.

Miss Lounsbery is a graduate of Kingston High School and is employed in the Military Products Division of IBM in Kingston.

Her fiance is a graduate of Kingston High School and Delhi University, Delhi. He is employed by John Spinneweber in Port Ewen.

A November wedding is planned.

Margaret Chittenden And Robert Goodwin Wed in Olive Bridge

Miss Margaret L. Chittenden of Angelica, daughter of Mrs. Ella Platz, 201 Center street, Olean, became the bride of Robert H. Goodwin, son of Mr. and Mrs. Edwin Healy of Granite Court, Saturday, Aug. 25, at 2:30 p. m. in the Olive Bridge Methodist Church.

The Rev. Harry L. Girts, pastor of the North Tonawanda Methodist Church, officiated at the double ring ceremony.

Albert Fox was at the organ and George Shaver of Marbletown sang several selections.

Two large baskets of white gladioli decorated the church for the occasion.

The bride was given in marriage by her brother, Leslie A. Platz Jr. She wore a white French lace gown fashioned with a fitted bodice, illusion neckline, tiny lace collar, long sleeves and a bouffant ballerina skirt of lace and marquisette over bridal satin. Her silk illusion veil was gathered to a crown of iridescent sequins and she carried a cascade bouquet of white roses, white carnations and swansonia.

Miss Carol Davis of Olive was the maid of honor. She was attired in a green gown designed with lace bodice, small Spencer jacket and full ballerina length skirt of lace and marquisette over taffeta. Miss Davis carried a cascade bouquet of yellow roses and carnations.

Roger Jones of 47 Linderman avenue was the best man and ushers included Robert Moore and Donald Shaver.

A lawn reception at the home of Mrs. Anna Davis of Olive Bridge was held for approximately 50 guests.

Mrs. Goodwin is a gradate of Olean High School, Olean, and Houghton College. She is a vocal music teacher at the Angelica Central School.

Her husband is a graduate of Kingston High School and the Nyack Missionary College. He spent two years with the U. S. Army in Alaska and in August received his honorable discharge.

Following a wedding trip to Lake George, Mr. and Mrs. Goodwin will make their future home in Angelica.

Sacajawea was the only woman on the Lewis and Clark expedition.

Employment Plan Helps City Boys In Farm Program

The New York State Employment Service's farm cadet program for Ulster county, which has been in operation since the beginning of World War 2, has just ended another "very successful year," according to Anthony C. Hart, manager of the Kingston office.

"It has been a success," he said, "because we have taken our quota of New York city high school boys and literally transplanted them in a new field. All of them, born and bred in the city, have made the adjustment to farm life manfully."

"Likewise the farmer and his family have made a smooth adjustment to these young strangers, in many cases, who have come into his household to help with the work. For those farmers who hired experienced cadets, the transition period was especially easy."

Some gained experience with other farmers in other counties and many have been with their present employer for as many as four seasons. A good example is Cadet Dennis Berger who has been with dairyman Henry Allhusen of New Paltz for four successive seasons. Dennis is a student at Monroe High School, in New York city. His employer is enthusiastic about his cadet because he has adapted himself so well to the work, and can be assigned to farm machinery or farm animals and do a good job.

Course Is Varied

Cadets with long experience are not concerned with dairy farming only. Completing four seasons of poultry work is Hans Paulsen, a graduate this year of the Newtown High School agricultural course. He has been employed by L. Steinkol of Ellenville.

Next season, the Employment Service is interested in placing more cadets on fruit farms and nurseries. That these boys can be fitted into the work on a fruit farm is testified to by Angelo Di Lewis of Plattekill. He employed Ed Melendez, a student at Newton High School, who has a deep interest in fruit work. In fact, the cadet asked for just such an assignment. If you talk with this boy you find him overflowing with praise for his boss because of his quiet and patient manner in teaching him how to trim-up grape vines. Mr. Di Lewis was very much pleased to have found a boy with tractor experience.

Ulster a Natural

Ulster county, being dotted with many dairy farms, is a natural location for farm cadets. The farm cadet employment pattern seems to run from New Paltz in a generally southwest direction. On the Tuttletown road through Gardiner is one of the most interesting farmer and cadet pictures. After pasing Arthur McCord's dairy where David Boe is employed and upon entering Gardiner you meet Sam and Fred Stokes.

These two gentlemen once lived the city life and left it for the country. They employed cadets Stanley Butkus and William Lucas and are most enthusiastic about them. If you meet Sam Stokes, just ask him about Stanley, a second year cadet, and you will hear high praise, of the city boy.

On the same road are two other former city dwellers turned farmers, William and Joseph Watts. They hired Paul Campo and Stephen Poris, both of whom are first year cadets. If you visit Paul and Mrs. Watts you are just as liable as not to find them gone to town for an ice cream if the day is hot and the chores finished.

Driving further down the same road you come to the dairy farm of Victor McCord who has used cadets for some years. This year he employed Robert Horan who had experience two previous summers in Delaware county. If you attended the Ulster County Fair this year you saw Mr. McCord and Bob showing three of the herd. This to any cadet is a real thrill and pleasure. They won one blue and two red ribbons.

Chance for Recreation

Of course, it's not all work for the cadets; they have a chance for recreation too. Besides swimming, they belong to a softball team associated with one of the churches in the area. Under the watchful eyes of the farmers some of them have become crack riflemen, getting their practice on woodchucks. In fact, some of them are already planning to return during this coming fall and winter vacations to do a little hunting and assist with small farm chores.

Into the Wallkill and Pine Bush areas the story is the same. Most boys here will go home much richer in strength, health and finances. Most farmers are so well satisfied with the work that they are paying a rate much higher than the prescribed starting salary of $40 per month.

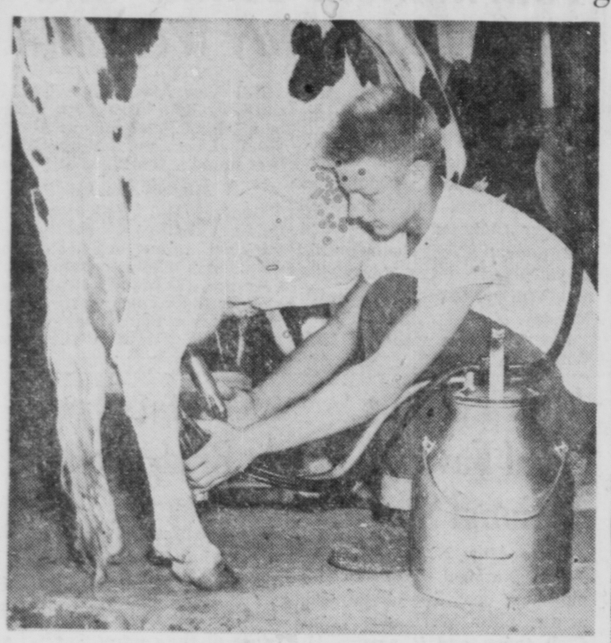

Joint Program

The farm cadet program is a joint effort of the New York State Employment Service and the New York City Board of Education. High school boys, 15-17 years af age, carefully selected during April, May and June to be placed starting about the middle of June until school starts in September. During this time John Horan, a New York city teacher, is assigned to Ulster county to supervise the boys. Before names are submitted for placement as cadets their school must approve their physical, mental and moral fitness. Then they must get the approval of their parents to live away from home. Further screening is done in the New York city farm office by the cadet supervisor.

Applications for farm cadets are received from farmers each spring at their nearest office of the New York State Employment Service. The local office manager, Mr. Hart, the farm employment representative and the farm cadet supervisor cooperate in transfering these orders to the New York city office where cadets are interviewed and selected to best fit the boy to the farm. The boys are also advised as to what type of clothing they should bring and the type of work they will be expected to perform. Also at this time the cadet is covered by an accident and health insurance policy to protect him during his work period on the farm. When he is ready to leave New York for the farm the employer is notified. In most cases the cadet is transported by the supervisor from a bus station to the farm. In some cases the farmer meets the boy.

Farmers interested in hiring a farm cadet as a means of meeting seasonal labor needs next year may do so by telephoning, writing or visiting the Kingston Employment Office at 18 Pine Grove avenue.

Midget Wrestlers Due In Kingston, Sept. 10

Midget wrestling, a popular TV feature and in other states in the country, makes its New York state debut in Saratoga, Saturday, Sept. 8.

Two nights later, Monday (Sept. 10), Promoter Ted Bayly of Troy will unveil the pint-sized performers in a star-studded card at the municipal auditorium at 8:30 p. m.

The tag team of Chief Little Beaver and the Brown Panther will take on Fussy Cupid and Sky Low Low in the feature two-out-of-three fall tussle.

MIDGET wrestling has been popular in the midwest and with the aid of television has skyrocketed to recognition throughout the country.

Promoter Bayly has been working on the midget card for some time and in the four performers slated for action in the main event he has scheduled the tops.

Little Beaver, Panther, Cupid and Sky Low Low sport impressive mat records and are in big demand for bouts in the midwest.

The midgets have performed a number of times on video out of Chicago. Two other bouts round out the all-star card.

Braves Recall 13 Off Farms

Milwaukee, Aug. 30 (AP)—The Milwaukee Braves today recalled 13 players from their minor league affiliates, but only two will report this season. The rest will report next spring.

Due to report to the parent club Sept. 9 at the conclusion of the American Association's regular season are catcher Bob Roselli and outfielder-infielder, Jim Pendleton, both of Wichita, Kans.

Even Bragan Was Speechless After This One

Milwaukee, Aug. 30 (AP)—Double plays come and go, but the one the Pittsburgh Pirates uncorked against the first place Milwaukee Braves yesterday left even Pirate Manager Bobby Bragan without words.

The play, in the eighth inning shut off the last Milwaukee scoring threat as the Braves and Pirates played to a no decision, 1-1 tie. The game was called because of a downpour with the Pirates at bat in the top of the ninth. It will be replayed from the start at a date still to be set.

Mathews Starts It

The weird doubleplay went like this:

Eddie Mathews opened the Braves' eighth with a single and reached second on Wes Covington's hit off Bill Mazeroski's glove. Bill Bruton drove a grounder toward first and it bounced off Dale Long's glove for an error, and the big play was underway.

As the ball rolled toward Dick Groat at short, Mathews rounded third and headed for the plate. Groat picked up the ball and threw to catcher Jack Shepard. It was a perfect peg and Mathews was out.

Bruton sped for second and Shepard threw to Mazeroski, who was unable to tag the speedy Milwaukee outfielder.

Mazeroski, in a sitting position, saw Covington dashing for home and he threw another perfect strike to Shepard who tagged Wes for the out that retired the side.

Slo-Mo-Shun IV Wrecked in Trials

Detroit, Aug. 30 (AP)—Slo-Mo-Shun IV, the queen of America's fastest speedboats rocked from side to side, skidded at 140 m.p.h. and dug a watery grave during Gold Cup trials today, injuring the driver and disintegrating the boat.

In serious condition, but expected to live, was a 47-year-old speedboat pilot, Joe Taggart, who was hurled fifty feet through the air as Slo-Mo's nose dug into the choppy waters of the Detroit river. Taggart, a boat racing veteran of 25 years, is from Canton, Ohio.

The complete hull of the propeller-driven world speed record holder at 178.497 mph was stripped. All that remained when the craft was raised from the bottom an hour later was its steel frame bars and engine.

"This boat's all through with racing," said owner Stanley Sayres, of Seattle. "Boats cost a lot of money. This one is beyond repair."

Boice Tops Bruhn 1 Up

Another formidable Twaalfskill golf contender was forced to go all the way to the 18th green before eliminating a contender.

Alvin Boice, a four-time champion, defeated County Judge Louis G. Bruhn, 1 up in a thrilling quarter final match yesterday.

Earlier in the week, defending champion George Hughes, ousted Charles J. (Jimmy) Turck by the same margin and on the same green.

Will Play Raichle

Boice was scheduled to meet Clarence (Dubby) Raichle in a semi-final match this afternoon. The club finals at 36 holes are scheduled Saturday.

Boice led the judge 1 up at the end of front nine on which had a tee shot out of bounds.

Both were short on their second shots on the 18th hole but Judge Bruhn pushed his third shot off to the right of the green and needed four to get on. Boice pitched close enough for one putt and a par 4 to close out the match.

O'Brien Paces Du Quoin Drivers

Du Quoin, Ill., Aug. 31 (AP)—Joe O'Brien of Shafter, Calif., had a hot day in his sulky yesterday in the Grand Circuit harness racing at the Du Quoin State Fair.

The little reinsman drove home winners in four events and won nine of his 13 heats.

He also had tow seconds.

All his winners are owned by Saul Camp of Shafter.

O'Brien won the $26,000 McMahon Memorial for two-year-old pacers with Adios Express and the $18,000 Matron for three-year-old pacers with Adioway.

Adios Express took two divisional heats and a raceoff with Newport Dukes, double heat winner in the other division. Adioway won the third and fourth heats of the Matron. The first two heats, won by Newport Frisco and Steamin' DeMon, were run Wednesday.

O'Brien's other victories, with Scott Frost and Mac Primrose, came in a $5,000 invitational and a $3,000 stake. Scott Frost was the harness horse of the year in 1955.

Garver Ready To Pitch Again

Detroit, Aug. 30 (AP)—Ailing right hander Ned Garver will join the Detroit Tigers' pitching staff again tomorrow night against the Kansas City Athletics, the Tigers said today.

Garver went on the disabled list June 27 and again on July 30. In 15 innings pitched this season for Detroit, Garver has a 0-2 record.

No-Hitter

NL Champs Score 9-0

Tom Fiore pitched a no-hitter and pounded a homer as the National Little League champion Indians drubbed the Eagles of the Jaycee League, 9-0, in the first game of a best-of-three series.

The game was called at the end of four innings because of darkness. Indians scored three runs in each of the first three frames and collected seven hits off Allen Tucker.

Tournament Finals and Social Events Mark Labor Day Weekend Golf Schedule

The Labor Day weekend, traditional windup of tournament and social activities at area golf clubs, has a plethora of events.

Club finals are scheduled at The Twaalfskill and Woodstock Country Club on Saturday and the annual City championship playoff between the Twaalfskill and Wiltwyck titlists is slated Monday.

Roy Vogt has won the 1956 Wiltwyck crown.

Bill Van Aken will seek his third straight Woodstock crown in a 36-hole test against Henry (Bud) Leininger Saturday. The first round is scheduled at 9 a. m.

Hughes Finalist

George Hughes, the defending champion, has gained the finals in one bracket of The Twaalfskill championship flight. Clarence (Dubby) Raichle goes against the winner of the Judge Bruhn-Alvin Boice quarter final match to determine the other finalist.

Each of the three area clubs has scheduled social events.

The Twaalfskill has a buffet dinner and dance at 7:30 p. m. and will announce pairings for the annual doubles.

Woodstock Country Club features a steak roast and dance Saturday night starting at 7 p. m.

Wiltwyck plans a Labor Day dance Saturday night at 9 o'clock, and a mixed foursome, best-ball tournament followed by a steak barbeque at 6 p. m. on Sunday.

Althea Gibson, Hoad Favored in National Singles

Forest Hills, N. Y., Aug. 31 (AP)—The National Tennis championships opened a 10-day run at the plush West Side Tennis Club today and if anyone but Lew Hoad, the hulking Australian, wins the experts will be aghast.

Likewise, in the women's division, they've all but awarded the title to Althea Gibson, who cut a wide swath, through Europe on her recently completed tour.

THERE IS A great deal of merit in the opinion on Althea, the national Negro champion. She is seeded second behind Shirley Fry of Akron, Ohio, purely because the latter advanced further in the same tournament last year.

As for the men's division, Hoad has had a wonderful year, having won the Australian, French and Wimbledon titles. In the process, he's lickel his little Davis Cup mate, Ken Rosewall, three times. Rosewall is No. 2.

If Hoad can take this one, he'll be the first player to win all four of the world's top crowns in one year since Don Budge did it in 1938.

AMERICA'S CHIEF hopes are Vic Seixas, Ham Richardson and Dick Savitt.

The 33-year-old Seixas, started the season well but he has levelled off. Richardson perhaps is the best amateur in the country at the moment. He is in Hoad's half of the draw, so if form follows, they will meet in the semi-finals.

Savitt is an unknown quantity. He has been transferred to New York from Texas by the oil concern for which he works, but claims he is not in top shape. The U. S. Davis Cup brass dearly would love to get him in form for a spot on the team.

Baker Pilots Auto To New Record

Darlington, N. C., Augfl 30 (AP) — Buck Baker of Charlotte, N. C., today broke the track record for late model cars in qualifying for Monday's 500-mile stock car race at Darlington International Raceway.

Baker drove his cream-colored Chrysler 300 to a qualifying mark of 119.659 miles an hour, breaking a record set only 24 hours before.

Baker thus won position No. 3 in the second row for the $45,000 'world series' of stock car racing. Speedy Thompson of Monroe, N. C., Baker's teammate, took the pole position yesterday with a qualifying mark of 116.683 mph.

FYL Stars Lose At Bridgeport

The Fraternal Youth League All Stars were ousted from the junior baseball tournament at Bridgeport, Conn., yesterday by the Mt. Kisco, N. Y. club. The score of the contest was 7-5 according to the best available information.

Details and boxscore of the contest were not made available before the Freeman sports deadline.

Pair Deadlocked For Chess Lead

Bualofiff, N. Y., Aug. 31 (AP)—John W. Collins of Brooklyn and Anthony E. Santasiere of New York remain locked in a tie for first place in the state chess championship tourney.

Each won their sixth round games last night as play by the 29 entrans went into the early morning.

Both men have won 5½ points of a possible 6.

Santasiere won an adjourned fifth round game over George Scriabine of Syracuse in the afternoon and then defeated Victor Gluala of Westbury at night.

Collins defeated Vernon Gable of Tonawanda.

The tournament, at the University of Buffalo, ends Sunday.

Soo Seeks 34th Against Vasquez

Washington, Aug. 31 (AP)—Jimmy Soo of Philadelphia shoots for his 34th straight triumph as he meets Baby Vasquez of Mexico City in a 10-round lightweight bout at a capital arena tonight.

For Vasquez it will be an attempt to strengthen his bid for championship consideration outside his own country.

Soo was a 7-5 favorite in the early reckoning. He already has the longest victory string going in boxing since Rocky Marciano carried his perfect record into retirement.

Vasquez, however, is a rugged little customer who has a three-year edge in experience and the Mexican lightweight title to show for his efforts.

The fight will be broadcast and telecast (NBC, 9 p. m., EST).

National League Big Three Face Important Weekend Tilts

By ED WILKS
The Associated Press

It's time to get the kids off the street in the National League pennant scramble, and the long Labor Day weekend—strictly a weekend of labor for Milwaukee, Brooklyn and Cincinnati—could do it.

Nobody's safe. Milwaukee and Brooklyn each play eight games in the next six days. And the second place Dodgers facing three doubleheaders in three days while the front-running Braves meet first the pesty St. Louis Cardinals, then the persistent third-place Redlegs in a pair of four-game sets.

THE BRAVES TAKE a two-game lead into the big weekend, having gained a half game while being held to a 1-1, eight-inning tie by Pittsburgh and rain yesterday after the last place Chicago Cubs had bopped the Dodgers 4-3 in 11 innings.

Those were the only games scheduled in the majors.

Milwaukee and Brooklyn now have played the same number of games (125) but the Braves have lost two less. The Redlegs, three games behind, have played 127 games, and have lost four more than Milwaukee.

The Braves open their weekend home stand with a twi-night doubleheader against the fourth place cards tonight with only an 8-7 edge over St. Louis this season. Cincinnati starts its last visit to Milwaukee with a Labor Day doubleheader.

Brooklyn starts its long haul with five games against the New York Giants at the Polo Grounds.

CINCINNATI EASES into the weekend with the first of three against the Cubs at Crosley Field tonight. Then the Redlegs move in against the Braves for "the four games that will tell whether we're going all the way," according to Manager Birdie Tebbetts.

Bill Virdon's first-inning home run deadlocked the Braves yesterday. Virdon's sock was one of four hits off Bob Buhl and the Braves didn't get it back until the fourth. Then an error, a walk and Joe Adcock's single—the first hit off Bob Friend—tied it.

A frantic doubleplay in which two runners were cut at the plate cost the Braves a big chance in the eighth.

THE GAME, called with the Bucs at bat in the ninth, was the Pirates' last scheduled appearance in Milwaukee. It must be re-played from scratch, probably at Pittsburgh Sept. 18 or 19.

Ex-Dodger Don Hoak tripped the Brooks. His seventh-inning sacrifice fly tied the score at 3-all against starter Roger Craig and his single scored the winner off Don Bessent. Turk Lown won it in relief.

Spa Improving Plant

Saratoga Springs, N. Y., Aug. 31 (AP)—Construction of a grandstand roof covering a 96-foot extension is expected to be completed for the opening of the 33-night fall meeting at Saratoga Raceway Sept. 6. The extension of the grandstand, which added facilities for about 800 spectators, was completed in 1954. The new roof will include an awning overhang. Officials at the harness track said no estimate of the cost has yet been determined.

Glasco-EK

BrooksCop First Game In Playoff

The Dodgers won the opening game in the best-of-three championship series in the Glasco-East Kingston Little League with a 5-1 victory over the Yanks yesterday.

Mike Celuch pitched the win, holding the Bombers to five hits and blanking them after the first inning. The losers run was unearned.

THE DODGERS won the tilt with two runs in the second. Len Robinson began the fireworks with a double and scored on Sal Ferrine's single. Skip Tatarzewski's base knock counted Ferrine.

In the fifth, the Brooks put the game out of reach with their final tallies. Drew Demeter doubled and Butch Marino singled for one run. Celuch's double and Robinson's single manufactured the other markers.

Demeter, Celuch and Robinson paced the attack with a pair of safeties each against Paul Natale who yielded eight blows.

ALL THE YANKS' hits were singles. Celuch was the complete master, fanning a gaudy 15 and passing two. Natale whiffed 10 and granted two walks.

The second game of the set is slated for Glasco, Saturday at 2:30 p. m.

Rangers Trade Conacher for 2

Pete Conacher, a left winger, was traded by the New York Rangers to Buffalo of the American Hockey League. In return, the National League club gave an undisclosed sum and two forwards, Gordon Pennel and George (Dusty) Blair, each 27 years old.

Conacher, 24, a son of Charlie Conacher, a Toronto player in the Thirties, was with Buffalo at the start of last season. When he scored 17 goals in 188 games, he was brought up to the Rangers, for whom he tallied 11 goals in 41 games.

• The Nineteenth Hole:

Johnny Cwik defeated Bob Merritt, 3 and 2, in the finals of the IBM championship flight at Poughkeepsie. . . . At a recent Captain's dinner at a South Africa club, everyone wore their red coats. A stranger arrived in a dinner jacket and was challenged by one of the diners in a red coat. "You can't attend the dinner dressed like that," he said. "You mind your own business," the guest snapped, "and get back to your ruddy band." . . . Ken Davenport and Walter S. Van Wagenen finished in a dead heat for low net honors in Class E (50-54) in the county seniors with 73s. A matching of cards in match play revealed another flat footed tie. So they'll get duplicate awards. . . . Van Wagenen, incidentally, has won nearly 50 golf balls in blind bogey drawings at the Woodstock Country Club. . . . A group of young golfers are reported heading for Woodstock next season. . . . Alex Gerlak's ceaseless efforts to maintain topnotch greens at Twaalfskill have earned him the plaudits of the club members.

• Chips N' Putts:

Electric caddie cars will be more common next season. Right now the old and new judges (Schirick and Cashin) are the only area golfers who ride the mechanical caddies. A survey recently showed that the cars are flourishing most heartily on the west coast, where the cars were originally introduced five years ago. A new facet of the industry is the rental business in which firms lease a fleet of cars to a course or its pro on a split fee basis. The car industry is also affecting course architecture since the builders must make provisions for the cars through the structure of special roadways, bridges and parking locations. It is estimated that about 6,000 cars will be in use this year. . . . Margaret (Sis) Cramer, 33-year-old Amsterdam bookkeeper, defeated Mrs. Gerald R. Hallenbeck of Catskill and Wiltwyck Country Club, 7 and 6, for her first Northeastern Women's Golf Association title in a 36-hole playoff at the Edison Club at Rexford. Sis had beaten Mrs. Hallenbeck in a playoff for the medal and she gained the title on her 10th try. Back in 1950, Mrs. Hallenbeck had defeated her in the finals at the Albany Country Club.

One southpaw golfer in a tournament is a rarity. But the county seniors had three members swinging from the portside—Mike Amato, Ken Davenport and Carl Preston. Three of the Class A vets shot identical medals of 70—Harold F. King, Carl Preston and Frank W. Thompson. . . . Maurice Davenport, the Seniors president, was his usual gracious self as host to the greybeards. . . . Mr. and Mrs. Dick Davenport and son are visiting with the grandparents after 16 months in Europe, and they look like a million.

Golf is a game of honor, too; that tries the souls of men.
It's easy in the public view; to be all honest then.
But he deserves an angel's wings; who paths of truths has trod.
When left alone with just two things—his scorecard and his God. . . . Herbert B. Dowell.

Fairchild Ties Burkemo on 69 In Motor Open

Detroit, Aug. 31 (AP)—A tournament-tested veteran and a comparative newcomer who got a good start in tournament golf only a year ago shared the early lead going into today's second round of the $20,000 Motor City Open.

Detroiter Walter Burkemo, with many years on the professional circuit behind him, and youngster, Don Fairfield of Casey, Ill., each carded a 3-under par 69 in yesterday's opening round of the 72-hole medal play at Western Golf and Country Club.

They held a one-stroke lead over eight others, including hulking Mike Souchak, winner of last week's St. Paul Open.

ED FURGOL, of St. Louis, who made a last-minute switch in plans to enter the Motor City finished with a 70.

Bracketed with Furgol were Bob Rosburg of San Francisco, former national Open champ Jack Fleck of Davenport, Ia.; Jerry Kesselring of Toronto, Ont.; Marty Furgol of Lemont, Ill.; Dick Mayer of St. Petersburg, Fla.; Don January of Lampasas, Tex., and Souchak.

Another stroke behind were Dave Douglas of Newark, Del.; Pete Cooper of Birmingham, Mich.; Mike Dietz of Lake Orion, Mich., and Freddie Haas of New Orleans. Ten others covered the opening 18 holes in par.

Rosendale Club To Host Shoot

Rosendale Gun Club will play host to the Ulster County Trap Shooting Circuit at its home field Sunday at 1 p. m.

George Briody of the Glasco Club leads the circuit with an .876 average. Hokie Rask is second (.863), Frank Muro, third (.856), Bud Merrihew, fourth (.855) and Joe Guerreri, fifth (.848).

Horace Emerick, of Saugerties, Warren Tilson, of Tillson and Guerreri have achieved "25 straight" shoulder patches awarded by the circuit.

Sunday's shoot will mark the next to the last competition this season. Several new shooters have progressed rapidly during the course of the season which is an encouraging sign toward bigger things for the circuit.

The general public is invited to attend and participate in Sunday's activity. The Rosendale field is located on the A. J. Snyder Cement property off the Tillson road.

Nielsen, Merlo Gain In Tennis Tournament

Pedavena, Italy, Aug. 30 (AP)—Kurt Neilsen of Denmark, and three members of the Italian Davis Cup team advanced into the semi-final round of an international tennis tournament today.

Nielsen beat Sergio Jacobini, 2-6, 6-4, 6-4. Giuseppe Merlo defeated Oscar Elbner, 6-1, 3-6, 6-4. Nicola Pietrangeli downed Michele Pirro, 7-5, 9-7. Orlando Sirola beat Antonio Maggi, 1-6, 7-5, 6-3.

Series Confab Set For Sept. 10

Representatives of the four first division clubs in both the National and American Leagues have been asked to meet with Ford C. Frick, baseball commissioner, on Monday, Sept. 10, to discuss World Series plans.

New York, Cleveland, Chicago and Boston are currently the top four clubs in the American League. Milwaukee, Brooklyn, Cincinnati and St. Louis are the National League's top four.

The first two games of the 1956 World series are scheduled for the park of the National League pennant winner, followed by three games in the American League park. The series normally starts the Wednesday following the close of the season.

The schedule this year will be completed on Sunday, Sept. 30.

Just A Habit

Bradford, Pa., Aug. 31 (AP)—This isn't just another hole-in-one golf story. Today's hero has four aces. George Driscoll of Olean, N. Y., got the fourth in his career yesterday—A 212-yard drive on the second hole at Benhills Country Club, Bradford. His previous aces were at Pebble Beach, Calif., St. Bonaventure Golf Club, N. Y., and Bartlett Country Club, Olean.

Tennis Doubles Tourney Slated At New Paltz

An Ulster County Invitational tennis doubles tournament for men is being planned September 7-9 and September 14-16, according to Dr. Charles Wolbers, newly appointed Coordinator of Health and Physical Education at the State University Teachers College at New Paltz.

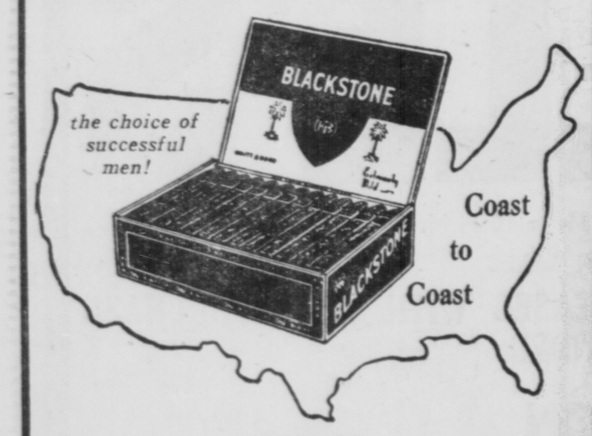

Under the auspices of the College, the tournament is open to all men in Ulster County and includes all ages. A nominal entry fee will be charged for each contestant. Balls will be supplied by the tournament officials, and trophies will be awarded to the winners.

DEADLINE for entries is Tuesday, September 4, and applications for entry should be addressed to the Ulster County tennis tournament, State University Teachers College, New Paltz, New York.

According to Dr. Wolbers, the tournament will be held on the clay tennis courts near the College riding stables on the campus. He reported that a championship tournament for New Paltz men has been completed and that the six courts are in excellent condition.

Pairings will be announced in the area newspapers as soon as applications are received.

Jimmy Brown Leads Orange

Syracuse—One of the greatest athletes in Syracuse University history, four-sport star Jimmy Brown, headlines a group of 63 gridders who have been invited to be on hand for the opening of 1956 football practice here this Saturday.

A letter-winner in football, basketball, track and lacrosse, Brown is considered the finest athlete to appear on the Orange scene since Vic Hanson. He is the University's first four-letter winner since Jim Konstanty, the major league baseball player.

A 6-2, 212-pound muscleman who hails from Manhasset, N. Y., Brown is a good bet for everybody's All-American team this fall. As a grid halfback, he hits as hard as any back who will appear on the nation's gridirons this season.

"HE'S THE BEST straight ahead runnner I have ever come across, " declares Orange grid coach Ben Schwartzwalder, who also adds that the talented senior is the fastest back on the Syracuse roster.

Brown moved the ball 1241 yards for Bill Orange during the 1955 campaign, including 666 yards rushing from a scrimmage. He averaged 5.2 yards per carry from scrimmage.

Included in the group of 63 returnees are 17 lettermen. There are 41 backs and 22 linesmen. The Orange will practice six days a week, twice a day.

Bragan Will Fight Fine Imposed by Giles

Milwaukee, Aug. 3 (AP)—Pittsburgh Pirates Manager Bobby Bragan said last night he will fight a $100 fine imposed upon him by National League President Warren Giles.

The fine followed a disturbance in Wednesday night's Milwaukee-Pittsburgh game that began with protest over the kind of pitches Milwaukee righthander Lew Burdette was throwing. Bragan and two of his players wer ejected from the game by the umpires.

Bragan also said he would file a protest charging that Burdette was throwing a spit ball.

Basilio to Spar Over Weekend

Alexandria Bay, N. Y., Aug. 31 (AP) — Carmen Basilio plans to box 10 rounds on Saturday and again Sunday in preparation for his Sept. 12 bout to regain the welterweight crown from Johnny Satxon at Syracuse.

Basilio, who started training here seven weeks ago, has sparred more than 90 rounds, including eight rounds yesterday with three sparmates.

The ex-marine from Chittenango, weighs about 149, just two pounds over the welterweight limit.

Saxton, in excellent condition after two fights this month, begins serious training in a few days at Summit, N. J.

Eastern League Big Three Jolted

By the Associated Press

The Eastern League's also rans can't be accused of faltering in the face of the circuit's big three.

Last night, three clubs definitely out of the championship race whipped the leaders in three of the four games played.

ALBANY'S FIFTH-PLACE Senators took the measure of high-riding Schenectady, 5-3, in Schenectady. Syracuse, tied for sixth place with Williamsport, edged third-place Binghamton, 7-4, at Binghamton.

Allentown, in a deep-rooted fourth spot, split a doubleheader with host Reading, the league's No. 2 club.

The Redbirds lost the opener to Reading 5-1 and took the nightcap, 6-3. The Williamsport-at-Johnstown contest was postponed because of rain.

READING'S SPLIT moved the Indians to one-and-a-half games behind Schenectady. Binghamton is two games off the pace.

Albany's victory came on a three-run eighth inning. A single by Jerry Green, three walks and a double by Eddie Irons accounted for the Senators game-winning uprising. Roy Tinney limited the league-leaders to seven hits.

Ken Hadley and Dick Giedlin led the Syracuse attack. Hadley, the Chief's first baseman, smacked two home runs and Giedlin accounted for three RBI'S.

READING'S BEST efforts to sweep the doubleheader came in the ninth inning of the second game when the Indians loaded the bases with none out. Allentown, leading 6-3, sent Jim Hiland to relieve starter Jere Hill. Hiland fanned the first two batters and got the third to foul-out, killing the threat.

The Indians had little trouble with Allentown in the opener. Al Grandcolas, Allentown shortstop, spoiled Vic Lapiner's shutout in the first game with a homer in the second inning.

Milwaukee Chiefs Plan for Series

Milwaukee, Aug. 30 (AP)—City fathers today went ahead with plans for Milwaukee's first world series so as not to be caught off base—if and when.

These plans include decorations for Wisconsin avenue—the city's main street—and a welcome-home celebration for the Braves if they should clinch the National League pennant on the road.

The Milwaukee Progress Commission directed it planning commission to draw up suitable symbol — preferably an Indian Brave, swinging a bat, of course —for decorating purposes. The plans and estimated cost will be presented to the commission next Thursday.

The parks and recreation committee of the County Board of Supervisors also got in on the 'pennant talk' voting to authorize the Park Commission to add as many seats at County Stadium as possible if the Braves should win the pennant. The county operates the stadium, which has a capacity of 43,117.

Miss Creed Gains Junior Finals

Toledo, Aug. 30 (AP)—Jo Anne Gunderson, of Seattle, and Clifford Ann Creed of Opelousas, La., today stroked their way to the final of the eighth annual United States Golf Association girls' junior championship.

In today's semi-finals, Miss Creed defeated Mary Ann Musser, 17, of Ellicott City, Md., 4 and 3, and Miss Gunderson eliminated 13-year-old Sharon Fladoos, of Dubuque, Iowa, 4 and 3.

PITCHING

TURK LOWN, CUBS—Struck out three and allowed just three hits in four relief innings to gain eighth victory with 4-3, 11-inning decision over Dodgers.

HITTING

DON HOAK, CUBS—Tied the score with a seventh-inning sacrifice fly and then singled home the winning run in the 11th to trip his ex-mate Dodgers 4-3 in 11 innings.

Terry's 143 Tops Interservice Golf

Elgin AFB, Fla., Aug. 30 (AP)—The defending champion, Ray Terry of Patrick AFB, Fla., took the lead in the second round of the interservice golf tournament.

The lieutenant from Jacksonville, Fla., fired a three-under-par 69 for 143 over the 6,350-yard Elgin course during intermitten showers.

Terry and Lieut. Larry Parker of Chanute AFB, Ill., led the Air Force team, which retained its lead with a 36-hole score of 592.

Aragon Set Down After Coast Bout

Los Angeles, Aug. 30—Art Aragon's purse in his welterweight bout with Cisco Andrade was released by the California Athletic Commission. The Commission said that Aragon and Referee Abe Roth would remain under suspension indefinitely as an aftermath of Aragon's ninth round technical knockout victory over lightweight Cisco Andrade Wednesday night.

Aragon was allowed to draw his estimated $28,500 purse but would stay under suspension until the commission could determine if he used illegal eye patches in the Wrigley Field bout. No date has been set for the hearing.

Roth was suspended on the spot for his abrupt action in halting the bout after 42 seconds of the ninth. Two judges had Andrade ahead on points despite being knocked down in the eighth and ninth rounds. Roth had Aragon ahead on his scorecard.

Brink's Jury Will Hear State's Case

Boston, Aug. 31 (AP) — The Commonwealth today outlines how it hopes to prove that eight middle aged men robbed Brink's Boston headquarters of a record $1,218,211 more than six years ago.

Dist. Atty. Garret H. Byrne was scheduled to reveal the state's case in a formal opening statement to a jury of 14 men. The first witness was expected to take the stand after the statement.

This is the 20th day of the trial of eight greater Boston men. The first 18 days were spent mostly in the tedious selection of a jury of 12 and two alternates.

The 19th day yesterday was devoted to a jury tour of about a half-dozen sites that will be mentioned in testimony.

May Pick Successor

Chicago, Aug. 31 (AP)—A new candidate to succeed Herbert C. Paschen as the Democratic choice for Illinois governor may be picked today at a meeting of Adlai E. Stevenson and Chicago's mayor Richard Daley. Stevenson, the Democratic presidential nominee, has a conference scheduled with Daley, powerful Cook county (Chicago) party leader, to discuss the current political situation in Illinois in the light of Paschen's withdrawal from the governor race under pressure. Paschen, 51, who is Cook county treasurer, quit the race against Republican Governor William Stratton, as county and federal grand juries inquired into a controversial $29,000 employes fund in his office. The fund consists of donations from banks in which the county has deposits.

The Weather

FRIDAY, AUGUST 31, 1956

Sun rises at 5:19 a. m., sets at 6:32 p. m., EST.
Weather: Cloudy.

The Temperature

The lowest temperature recorded on The Freeman thermometer during the night was 68 degrees. The highest figure recorded up to noon today was 80 degrees.

Weather Forecast

NEW YORK CITY and vicinity: Cloudy with rain this morning and rain off and on this afternoon on Long Island, but brightening up some this afternoon in New York city and over New Jersey. Partly cloudy tonight and Saturday with chance of thundershowers late Saturday afternoon or night. Temperatures this afternoon ranging from about 70 over eastern Long Island to the upper 70's or close to 80 in New York city and to the 80's over western New Jersey. Low tonight in the 60's, high Saturday in the 80's.

WET ROADS, BE CAREFUL

EASTERN NEW YORK: Continued mostly cloudy and humid with periods of showers and thundershowers today through Saturday. Highest temperature today in the 70s and low 80s. Lowest temperature tonight in the 60s and the highest Saturday in the upper 70s to the mid 80s.

Showery Weather Due Through Monday

Albany, N. Y., Aug. 31 (AP)—The extended weather forecasts for New York state, prepared by the U. S. Weather Bureau, for the period from 7:30 p. m. today, to 7:30 p. m. Wednesday.

Eastern New York — Rather cloudy and humid, showery weather is expected Friday night through Monday, followed by somewhat cooler and drier weather to midweek. Temperature is expected to average around or just under normal levels. Rainfall will average from ¾ to one and ½ inches.

Western New York — Cool, changeable and still wet weather is likely with temperatures averaging a little below normal. Turning cooler over the weekend and not much change thereafter. Showers or thundershowers. Moderate to heavy at times, Saturday. Partial clearing Sunday, scattered showers Monday and probably Tuesday. Clearing Wednesday. Total precipitation around one inch with some locally heavier amounts.

Temperature normals — Normal temperatures in upstate New York during the first days of September show a daily high in the middle and upper 70s and an overnight low in the low and middle 50s.

Arrest of Dio Surprises Riesel

New York, Aug. 31 (AP)—Victor Riesel, labor columnist blinded by an acid thrower, said today the arrest of Johnny Dio, 42, labor racketeer accused of masterminding the attack, was a surprise to him.

"We had no suspicion of anyone," Riesel said in an interview on Dave Garroway's NBC-TV program "Today."

The FBI has named the since slain Abraham Telvi as the man who actually threw the acid. Riesel said that from the "very exact description it certainly matches" the man he got a glimpse of just before the acid was thrown outside a Broadway restaurant in the early morning of last April 5.

No Big Boss Known

Riesel said he knows of no one nationwide boss of racketeering in labor in America.

"This is a kind of easy association," he said. "There is no one high command or one Mr. Big of crime in America. It goes all the way through labor wherever they find a soft spot."

Asked what he thought of the AFL-CIO executive council's recent endorsement of Adlai E. Stevenson, Democratic presidential nominee, Riesel said "I think no labor leader can support a candidate for public office without a referendum of his membership."

Ulster Favors Fire Equipment

A proposition to issue capital notes in the sum of $6,650 for the purpose of purchasing equipment for Ulster Hose No. 5, town of Ulster, was carried by a vote of 38 to 5 Wednesday night. Qualified voters of the fifth fire district of the town voted at the firehouse.

The proposed equipment includes 750 feet of 2½ in hose to fit the new hydrants in the district, a resuscitator for two persons, portable electric light plant for use where light is unavailable at a fire, portable pump and replacement tires on fire trucks.

Four Are Shot Dead

Nicosia, Cyprus, Aug. 31 (AP)—Four persons were shot dead today in a gun fight at Nicosia General Hospital that covered the escape of an Eoka Greek Cypriot extremist. One was a British police sergeant. The Eoka man had been taken to the hospital for treatment. Three other members of the organization engineered his flight. Eoka is the fighting arm of the Greek Cypriot movement
